#### CURRENCY

It was declared by public notice that as from the 22nd January, 1921, the following currency only should be legal tender in Palestine :—

“ Egyptian gold, notes, silver and nickel coins, and the British sovereign at the rate of 97.50  
“ piastres Egyptian. No restrictions, however, was placed on the circulation, in the ordinary course  
“ of trade, of coins of other currency at their current market rates.”

The Order-in-Council dated the 7th February, 1927, Currency Notes Ordinance, 1927, and the Proclamation by the High Commissioner under section 11 (2) of the Order-in-Council provide for the introduction of a Palestine currency consisting of coins and currency notes with effect from the 1st November, 1927. Other legislation relative to currency is contained in the Currency Substitution Ordinance, 1927 and the Criminal Code Ordinance, 1936.

A Currency Board has been constituted to provide for and to control the supply of currency, to ensure that the currency is maintained in satisfactory condition and generally to watch over the interest of Palestine as far as currency is concerned. The board makes arrangements for minting of coins, printing of currency notes, and investment of the funds of the board.

The board authorizes the issue of currency in Palestine against prepayment in London ; and arranges for issue, against currency tendered in Palestine, of drafts or telegraphic transfers payable in sterling in London.

The proceeds of the sale of coin and currency notes and all other revenue of the board are, after the necessary deductions have been made for all expenses and for any contributions made to the revenues of Palestine, credited to a Currency Reserve Fund, and any losses which may be incurred are debited to the fund. Any contribution to the revenues of Palestine is made after the Board and His Majesty's Secretary of State for the Colonies are satisfied that the reserves are adequate to ensure the convertibility of the currency and to provide a reasonable reserve against depreciation of investments.

The standard of currency is the Palestine pound (£P.) divided into 1,000 mils. The Palestine Currency Order provides for a gold coin of one Palestine pound containing 123.27447 grains of standard gold (the equivalent of the pound sterling) : it is not intended at present to introduce gold coins. Silver coins, 720 fine, of 100 and 50 mils, weighing 180 and 90 grains respectively, nickel-bronze coins of 20, 10 and 5 mils, and bronze coins of 2 and 1 mils are in use. Silver coins are legal tender for the payment of £P.2, nickel-bronze coins of 20 and 10 mils are legal tender for the payment of any amount not exceeding 200 mils, and coins of lower denominations are legal tender for an amount not exceeding 100 mils. Currency notes of £P. 100, £P. 50, £P. 10, £P. 5, £P. 1 and 500 mils. are in use and are legal tenders of the amounts expressed therein.

The Currency Board is represented in Jerusalem by the Treasurer of Palestine as Currency Officer and by Barclays Bank (Dominion, Colonial and Overseas) as Agent.

Egyptian gold, notes, silver and nickel coins, and the British gold sovereign were by proclamation declared not to be legal tender after the 31st March, 1928.

## SECTION II

### TAXES, DUTIES, FEES AND OTHER SOURCES OF REVENUE †

#### URBAN PROPERTY TAX

Financial year 1937-38

The Urban Property Tax Ordinance provides for the assessment of the net annual value of immovable property in urban areas with a view to the imposition of a tax to replace the house and land tax (werko), the tax on buildings (Mussaqa'at) and the Tithe (Badal' Ushur). The new tax is payable by the reputed owner of the property at such annual rates, not exceeding 15 per centum of the net annual value of house property and land, as may be prescribed for the various categories of property. The ordinance also provides for a revision every year and a general re-assessment every fifth year.

The ordinance was applied in 1929 to the towns of Jerusalem, Jaffa (including Tel Aviv and Saron), Gaza, Ramle, Lydda, Tulkarm and Beisan, in 1930 to the towns of Tiberias and Nablus and in 1931 to the towns of Safad, Nazareth, Jenin, Beersheba, Beit Jala, Bethlehem, Hebron and Ramallah (including el Bira) at rates varying from 6% to 9% of the net annual value. Additional rates varying from 1½% to 3% of the net annual value were imposed in 1932, with effect from 1st October, 1931. Rates varying from 10% to 15% were imposed with effect from the 1st April, 1932, and the application of the ordinance was extended to the towns of Haifa and Acre as from that date. For the year commencing the 1st April, 1933 rates were imposed varying from 10% to 12½% of the net annual value and the application of the ordinance was extended to the towns of Majdal, Petah Tiqva, Rehovot and Rishon le Tsiyon. From 1st April, 1934, rates were imposed varying from 10% to 12% of the net annual value and the application of the ordinance was extended to the towns of Shefa 'Amr and Khan Yunis. With effect from 1st April, 1935, rates were imposed at 10% of the net annual value in respect of all categories and the application of the ordinance extended to the towns of Beit Sahur, Hadera and Ramat Gan. The rates remained at 10 % of the net annual value in respect of all categories, for the years commencing 1st April, 1936, 1937.

- Newly constructed house property and additions to existing house property for a period of three years commencing from the tax-year next following the year in which constructed.

The High Commissioner may remit wholly or in part the tax on playing fields, open spaces accessible to the public, and property on which building is prohibited or restricted under town planning orders.

#### RURAL PROPERTY TAX

Financial year 1937-38

The Rural Property Tax Ordinance 1935, was introduced and replaced the House and Land tax and Commuted Tithe in the rural areas of the whole country with the exception of Beersheba Sub-district and the Hula Concession Area as from 1.4.35. It provides for the division by official valuers of all rural lands in the country into categories on which a fixed tax per dunum is payable and for the distribution of the tax among the owners of the land, in accordance with the following schedule of tax categories :—

\* Other than citrus and bananas.

The ordinance also provides for the assessment of industrial buildings at such annual rate, not exceeding 15 % of the net annual value of the property, as may be prescribed. The rate in respect of the financial years 1935-36, 1936-1937 and 1937-1938 was 10%.

†Except where it is otherwise stated, all receipts are paid into the Treasury for public use. Postal rates are included in Section XVII Post, Telegraph and Telephone Statistics.

Provision is also made for the revision of categories in the event of development and for a revision of assessment of industrial buildings each year in certain circumstances. A re-distribution of the tax among owners in the event of there being changes in category is also provided for.

#### EXEMPTIONS

- (a) Property which formerly enjoyed exemption from House and Land tax or tithe ;
- (b) Land newly developed, for varying periods of from two to ten years ;
- (c) Newly constructed industrial buildings ;
- (d) Threshing floors and cemeteries.

Remission may, in special circumstances, be granted where the plantation or crop on land is totally destroyed.

The tax on citrus was reduced as follows for the period 1st April 1936 to 31st March 1938 :—  
All areas excluding Acre Sub-district —from 825 mils to 500 mils.  
Acre Sub-district —from 410 mils to 50 mils.

### HOUSE AND LAND TAX

Financial year 1937-38

The House and Land tax which is now only applicable in the Beersheba Sub-district and the Hula Concession Area in Safad Sub-district is assessed on the capital value and is levied at the following rates :—

	per mille
(1) Property not built upon :—	
(a) Lands, fields, vineyards, gardens, subject to tithe, or to the equivalent of tithe (Badal' Ushur), or changed into land of the muqata'a category .. .. .	4
(b) Land destined for building purposes .. .. .	4
(c) Lands not paying tithe, nor paying the equivalent of tithe, nor changed into muqata'a land .. .. .	10
(2) Property built upon :—	
(a) Farm buildings .. .. .	4
(b) Farm buildings hired and occupied by tenants not exceeding 200,000 mils capital value .. .. .	5
(c) Farm buildings hired or occupied by tenants exceeding 200,000 mils capital value .. .. .	8
(d) Farm buildings within the area of a town or village .. .. .	5
(e) Waqf buildings (mussaqa'at waqfiyyeh) .. .. .	4
(f) Houses inhabited by the proprietors, the value of which is below 200,000 mils .. .. .	5
(g) Houses inhabited by the proprietors, the value of which is over 200,000 mils .. .. .	8
(h) Buildings leased or rented by their owners .. .. .	10

Additions to this tax aggregating 41% on buildings and 56% on lands were made from time to time under Ottoman decrees. These additions are still collected, except in the case of buildings and lands re-assessed since 1919. Immovable property registered in the names of corporate bodies is subject to an additional tax varying from 12 to 1 per mille of its assessed value ; but this tax was abolished with effect from 1st April, 1933.

In the townships of Haifa, Acre and Shefa 'Amr, a roofed property tax was levied in lieu of the House and Land (werko) Tax until 1st April, 1932, when the urban property tax was applied to Haifa and Acre and until 1st April 1934, in Shefa 'Amr when the Urban Property Tax was applied to this town. This tax was assessed at 34% of the gross income of buildings with the exception of farm buildings which were exempt.

Exemption was granted in respect of the buildings of recognized charitable and religious institutions and buildings and playing grounds owned and maintained by recognized educational institutions, provided the buildings were used solely for charitable, religious and educational purposes and were not revenue producing.

### TITHE

Financial year 1937-38

The Commuted Tithe which replaced the tithe as from 15th December, 1927, is applicable only to the Beersheba Sub-district and the Hula Concession Area in Safad Sub-district.

Exemption from tithe was granted in respect of fuel wood, vegetables which cannot be preserved, vines grafted on American stock for ten years after planting, cotton, hay from village pasture lands, tobacco and the produce of land utilized for agricultural instruction or research.

The Commuted Tithe is based on the averages aggregate amount of tithe assessed as payable during the four years preceding the application of the Commuted Tithe and is apportioned among reputed owners of titheable land in proportion to the potential productivity of their holdings as ascertained by village assessment committees.

Commuted Tithe and Maqtu' Ijara Zamin ceased to be levied in urban areas as from 1st April, 1935.

A remission of 10% of the Commuted Tithe assessed on the lands within the Hula Concession Area was granted for the period 1st April 1936 to 31st March 1938.

## CUSTOMS TARIFF AND EXEMPTION ORDINANCE, 1937

(As at December 31st., 1937)

AN ORDINANCE TO PROVIDE FOR IMPORT DUTIES AND EXEMPTIONS FROM IMPORT DUTIES ON COMMODITIES IMPORTED INTO PALESTINE

### SHORT TITLE.

1. This Ordinance may be cited as the Customs Tariff and Exemption Ordinance, 1937.

### INTERPRETATION.

2. In this Ordinance, unless the context otherwise requires—" Director " means the Director of Customs, Excise and Trade.

### IMPORT DUTY TO BE LEVIED ON THE BASIS AND AT THE RATE SPECIFIED IN THE SCHEDULE.

3. Import duty shall be levied and collected in respect of each commodity specified in the Schedule to this Ordinance upon the basis and at the rate specified therein.

### ARTICLES SPECIFIED IN THE SCHEDULE AS EXEMPT NOT TO BE CHARGEABLE WITH IMPORT DUTY.

4. The articles specified in the Schedule to this Ordinance as exempt shall not be chargeable with import duty.

### POWER OF HIGH COMMISSIONER IN COUNCIL TO VARY SCHEDULE. No. 51 OF 1936.

5. The High Commissioner in Council may by order add to or amend the Schedule to this Ordinance, subject to the approval of the Secretary of State under the provisions of the Customs Duties (Variation of Tariff) Ordinance, 1936, in cases to which those provisions apply.

### DETERMINATION BY DIRECTOR OF VALUE OF CERTAIN COMMODITIES FOR THE PURPOSE OF ASSESSMENT OF PRESCRIBED DUTY.

6. The Director shall, by notice to be published in the *Gazette*, from time to time determine in respect of such period as may be stated in such notice or until further notice the value of the several commodities set out in the Schedule to this Ordinance in respect of which reference is made therein to his powers under this section for the purpose of the assessment of the duties respectively prescribed for such commodities in the Schedule, and, when so determining the value of any commodity, shall have regard to the price which an importer would give for such commodity if it were delivered freight and insurance paid in bond at the port or place of importation.

Provided that the Director may determine different values in respect of different grades or qualities of any such commodity.

### EXEMPTIONS OF CONSULAR OFFICERS.

7. (1) A consular officer who claims exemption under this Ordinance shall address to the Director a written declaration prescribed by the Director mentioning the number of packages and the marks on them, and the nature, quantity and value of the articles or effects, and stating that the articles are required for his personal use or for the use of the consulate, as the case may be, and will not be used for any other purpose.

(2) If any articles are exempt from import duty in accordance with this Ordinance and are subsequently disposed of in Palestine, the import duties which would have been due on them at the time of the disposition if they had not been so exempted shall be immediately payable by the consular officer.

(3) For the purpose of this section " consular officer " includes consul general, consul, vice-consul, pro-consul and consular agent.

### EXEMPTIONS OF COMMERCIAL AGENTS.

8.—(1) Any grant of exemption to a recognised commercial agent shall take effect from such date as the High Commissioner may, by order, direct.

(2) If any articles are exempt from import duty in accordance with this Ordinance and are subsequently disposed of in Palestine, the import duties which would have been due on them at the time of the disposition if they had not been so exempted shall be immediately payable by the commercial agent.

(3) For the purpose of this Ordinance " recognised commercial agent " means an agent declared by the High Commissioner, by order to be published in the *Gazette*, to be a recognised commercial agent.

### SAVING IN RESPECT OF RELIGIOUS AND CHARITABLE INSTITUTIONS.

9. Nothing in this Ordinance shall affect the exemptions from import duties enjoyed by religious or charitable institutions.

### REPEAL. CAP. 43. No. 19 OF 1935.

10. The Customs Duties Ordinance, and all amendments thereto, and the Customs Duties (Commercial Agents) Exemption Ordinance, 1935, are hereby repealed.

**IMPORT AND EXPORT OF DANGEROUS DRUGS**

(Extracts)

A certificate for the import or export of dangerous drugs shall be granted by the Director of Medical Services to a licensed pharmacist or in a special case to a licensed doctor in charge of a medical institution maintained by a religious or charitable association.

The Director of Medical Services shall use his discretion in the granting of such certificate and ensure that the legitimate requirements of the country for dangerous drugs are not exceeded. He shall, as far as possible, grant the certificate of import or export only when the dangerous drugs are to be obtained from or despatched to a country which is a signatory to the International Opium Convention, 1925.

Where any consignment of dangerous drugs is carried on board a vessel which passes through the territorial waters of Palestine, the Director of Customs, Excise and Trade may require the production either of a permit from the Director of Medical Services for the passage in transit of the consignment, or of an authorization of export or diversion certificate which accompanies the consignment. In default of the production of such permit or documents the consignment shall be treated as smuggled or contraband goods under the customs law in force. Provided that this clause shall not apply to the transit of dangerous drugs by post or air craft.

  - (ii) In the case of goods exported, the stowing of goods on lighters at quayside, transport to alongside ship and handling into ship's sling.
- (b) "Agency Fees" shall mean the fees payable to and collected by the agent of any vessel for the service of arranging the discharge of goods carried by such vessel and discharged therefrom except such goods as are carried under the condition of "sous-palan".
- (c) "Conditions of Sous-Palan" shall mean conditions whereby the shipper and carrier (ship owner) mutually agree that the consignee shall have the option of taking delivery of goods so carried from ship's sling.
- (d) "Porterage" shall include the following services in the case of goods imported, the discharge of goods from ship's sling or from lighters alongside quay or wharf, conveyance to customs stores, stacking and re-stacking during and after delivery, covering and removing for protection against damage; marking packages with relative manifest serial numbers, bringing packages to place of customs examination, opening, unpacking, and weighing as required by the customs for examination, repacking, closing and returning to place of deposit after examination, delivery from customs stores upon clearance; weighing packages of unmanufactured tobacco on arrival and/or withdrawal and marking the same with the numbers allotted thereto, and the weights found; removal of time expired goods to King's warehouse and handling goods during sales by public auction.

Provided that the term porterage shall not be deemed to include the following services:—

- (i) The delivery of the following goods; iron joists, bars, rods and pipes, loose roofing tiles, timber, wooden tree stakes and withies, coal and coke (including briquettes) and oil in barrels and drums, or
- (ii) the restacking of timber and weighing of whole consignments in bulk for customs examination, or
- (iii) the weighing and handling of goods when required by consignees for their own purposes.
- (e) Agency fees shall not be payable in respect of goods exported.
- (f) The rates for porterage set forth in the tariff shall not include the fees payable for the hire of customs cranes.
- (g) The rates set forth in the tariff shall apply in proportion to any greater or lesser quantity of goods unless otherwise prescribed and provided that the minimum charge for porterage shall be fifty mils for each consignment;
- (h) Payment for lighterage shall be paid to ship's agents where lighterage services have been carried out by them.
- (i) The fees chargeable for the service of agency fees and lighterage shall be on the basis of 1000 kilogrammes to a ton, or on the basis of 50 cubic feet to a ton, whichever method has been, or is, the basis of calculation of freight for carriage by the conveying ship to or from Palestine:

Provided that

- (i) the lighterage of timber shall be charged per cubic metre, irrespective of the method of computing freight charges on board in respect thereof, and
  - (ii) Government stores shall be liable in all cases to lighterage and agency fees on a basis of deadweight which for the purpose of this paragraph shall be 1000 kilogrammes to a ton.
  - (j) Payment for porterage shall be made to such person or persons who are duly authorized to perform the work of porterage in the port of Haifa or to his or their accredited representatives prior to the clearance of goods from the customs.
  - (k) If any question shall arise in regard to the levying of charges under the tariff it shall be referred to the Port Manager, Haifa, for his decision:
- Provided that an appeal may be made within eight days from the decision of the Port Manager to the Director whose decision shall be final and binding.

2. The orders by the High Commissioner set out in the second schedule to this order are hereby revoked.

The above charges include transfer from the ship's cabin or deck to boat and delivery on to landing stage, or *vice versa* :

Provided always that: when a blue flag with a white ball in the centre (denoting rough weather) is hoisted at the office of the Port Officer fares not exceeding double the fares in the tariff may be charged for in respect of any journey to or from any ship anchored outside the breakwaters. And when a red flag with a white square in the centre (denoting foul weather) is hoisted at the office of such officer, these rates shall not apply to any journey to or from any ship anchored outside the breakwaters. Immigrants and tourists may be conveyed at such special rates (being not more than the rates in the tariff or less than half such rates) as may be agreed upon.

#### HIRE OF TUGS IN THE PORT OF HAIFA

The following charges will be made for the use of a Government tug in the Port of Haifa for any purpose other than :

- (a) the purposes set out in the proviso to regulation 2 of the Haifa (Pilotage Dues) Regulations, 1934, or  
(b) salvage purposes.

	LP. Mils
Charges for first hour or part thereof .. .. .	10.000
For each subsequent hour or part thereof .. .. .	5.000

#### MOORING, BERTHAGE AND WHARFAGE DUES AT HAIFA

(As at 31st December, 1937).

1. These rules may be cited as the Port of Haifa (Mooring, Berthage and Wharfage Dues) Rules.

2. In these rules :—

“harbour” means such part of the waters of the port as is enclosed by the main and lee breakwaters ;

“port” means the water limits of the port of Haifa as defined in the Port of Haifa (Definition) Order.

##### MOORING DUES.

3. (1) When a vessel other than :

(a) ships of war,

(b) Government owned vessels employed on other than trading purposes,

(c) vessels hired or chartered by His Majesty's Government for the conveyance of troops or stores for His Majesty's service,

(d) vessels plying exclusively in the port which shall have paid the licence dues prescribed in rule 4 of the Registration and Licensing of Vessels Rules,

(e) other vessels under ten tons net registered tonnage owned by persons domiciled in Palestine,

(f) yachts belonging to yacht clubs registered or recognized as such by any State and being wholly in ballast, anchors or moors in the harbour, the following mooring dues shall be payable in addition to the anchorage dues prescribed by the Ports (Anchorage Dues) Rules :—

(i) per registered ton for the first twenty-four hours or part thereof .. .. .	1 mil
(ii) per registered ton for the second twenty-four hours or part thereof .. .. .	0.5 mil
(iii) per registered ton for every period of twenty-four hours or part thereof subsequent to the second twenty-four hours .. .. .	0.2 mil

Provided that the minimum charge shall be as for twenty-four hours.

(2) The period in respect of which a vessel shall pay the dues set out in sub-section (1) shall commence from the time such vessel anchors or is moored in any other manner except at a wharf, whichever be the earlier, and shall terminate at the time such vessel's anchor is weighed or moorings released whichever be the later.

##### BERTHAGE DUES.

4. (1) When a vessel other than :—

(a) ships of war,

(b) Government owned vessels employed on other than trading purposes,

(c) ships hired or chartered by His Majesty's Government for the conveyance of troops or stores for His Majesty's service,

(d) vessels plying exclusively in the port which shall have paid the licence dues prescribed in rule 4 of the Registration and Licensing of Vessels Rules,

(e) other vessels under ten tons net registered tonnage owned by persons domiciled in Palestine,

(f) yachts belonging to yacht clubs registered or recognized as such by any State and being wholly in ballast, berths at a Government wharf in the harbour, the following berthage dues shall be payable :—

(i) per registered ton for the first eight hours or part thereof .. .. .	1 mil
(ii) per registered ton for every period of four hours or part thereof subsequent to the first period of eight hours .. .. .	0.5 mil

Provided that the minimum charge shall be as for eight hours.

(2) The period in respect of which a vessel should pay the dues set out in sub-section (1) hereof shall commence from the time such vessel is berthed at a wharf and shall terminate at the time such vessel's moorings are released therefrom.

##### CHARGE WHERE A VESSEL MOORS AND BERTHS ONCE ONLY.

5. Where, in the course of the first period of twenty-four hours following arrival in the harbour, any vessel anchors or moors in the harbour in any manner other than at a wharf and is subsequently removed to a berth at a wharf, the dues payable in respect of the period during which such vessel was so anchored, moored or berthed shall be either the mooring dues in respect of such period or the berthage dues in respect of such period whichever be the higher charge, or, if they be equal, one of them, subject to the prescribed minima in each case.

**VESSELS MOORING OR BERTHING MORE THAN ONCE.**

6. Where, in the course of the first period of twenty-four hours following arrival in the harbour, any vessel **anchors** or **moors** in any manner other than at a wharf and is also berthed at a wharf and the charges computed for **mooring** and **berthing** are equal and such vessel is subsequently removed again to moorings, the charge for such further **mooring** shall, after the expiration of the first twenty-four hours following arrival be assessed in accordance with paragraphs (ii) and (iii) of rule 3 (i), subject to the prescribed minima in each case.

**WHERE BERTHAGE DUES ARE HIGHER THAN MOORING DUES.**

7. Where, in the course of the first period of twenty-four hours following arrival in the harbour, any vessel **anchors** or **moors** in any manner other than at a wharf and is also berthed at a wharf and the charges computed in respect of berthage dues are greater than the charge in respect of mooring dues and such vessel is subsequently removed again to mooring, the charge for such further mooring shall, after the expiration of the first twenty-four hours following arrival, be assessed in accordance with paragraphs (i), (ii) and (iii) of rule 3 (i), subject to the prescribed minima in each case.

**WHERE SHIP COMES STRAIGHT TO BERTH.**

8. Where a vessel berths at a wharf immediately upon arrival and incurs berthing dues in respect of a period of twenty-four hours and is subsequently removed to moorings, the charge for such mooring shall, after the expiration of the first period of twenty-four hours following upon such berthing, be assessed in accordance with paragraphs (i), (ii) and (iii) of rule 3 (i), subject to the prescribed minima in each case.

**WHARFAGE DUES.**

9. Wharfage dues at the rates set out in the schedule to these rules shall be paid by the importer or exporter or his agent respectively on goods, other than :—

- (a) goods imported and exported in postal mails,
- (b) goods imported or exported by the Governments of Palestine and Trans-Jordan,
- (c) goods the property of His Majesty, imported or exported by His Majesty's Forces,
- (d) passengers' baggage as specified under Serial No. 704 (a) of the Customs Tariff and Exemption Ordinance, 1937.
- (e) *bona fide* stores and provisions exported for the use of ships in port,
- (f) boats and craft of all kinds, imported or exported,
- (g) duty paid goods and goods of local origin landed in the port of Haifa in direct transfer by sea from another port in Palestine,
- (h) travellers' samples imported or exported,

imported or exported by any vessel and landed or shipped in the port to the Collector of Customs at the port before the removal of such goods from the control or custody of the Collector of Customs.

Provided that, when at the direction of the Port Officer a vessel is moored at any place other than at a deep water quay, the wharfage dues in respect of any goods which are subject to wharfage dues landed from or shipped in such vessel and by lighter shall be one half of the wharfage dues set out in the schedule to these rules, and

Provided that, when an agreement as to wharfage dues has been entered into between the High Commissioner and the Iraq Petroleum Co., Ltd., under the provisions of article VI of the convention made the 5th January, 1931, between the High Commissioner and the Iraq Petroleum Co., Ltd., no such dues shall be payable hereunder.

**THE COLLECTOR OF CUSTOMS MAY DETAIN GOODS.**

10. The Collector of Customs may detain any goods on which wharfage dues are, or in his opinion appear to be, payable until payment is made or security, approved by him, is given for their payment.

**WHERE WHARFAGE DUES ARE IMPOSED BY WEIGHT OR MEASURE.**

11. Where wharfage dues are imposed according to weight or measure, the weight or measurement of the goods shall be ascertained according to the weights and measures approved by the customs and shall apply in proportion to any greater or lesser weight or measure.

**WHERE GOODS ARE CLASSED UNDER MORE THAN ONE NAME.**

12. If any goods are, or can be, classed under two or more names, headings or descriptions, with a resulting difference as to wharfage dues, dues shall be charged at the higher or highest of the dues applicable.

**WHERE GOODS ARE CLASSED BY MEASURE OR WEIGHT.**

13. Where goods are charged with wharfage dues by measurement, such measurement shall be taken to the full extent of the heap or pile in all cases where the goods are measured in bulk and, where wharfage dues are charged by weight, the weight chargeable shall be the gross weight of the goods including the package, if packed or bundled in any way.

**REFUND OF WHARFAGE DUES.**

14. A refund of wharfage dues may be made by the Director in the manner prescribed whenever he is satisfied that payment has been made through obvious error of fact, but no refund shall be made unless a claim for such refund is made previous to the removal of the goods from the customs control.

**WHERE WHARFAGE DUES ARE SHORT-LEVIED OR WRONGLY REFUNDED.**

15. Where wharfage dues are short-levied, or erroneously refunded, the person who should have paid the amount short-levied or to whom the refund has erroneously been made shall pay the amount short-levied, or repay the amount erroneously refunded, on demand being made by the Collector of Customs who may refuse to deliver any goods belonging to such person until the amount short-levied be paid, or the amount erroneously refunded be repaid.

**WHERE WHARFAGE DUES CHANGE.**

16. If any practice of the customs relating to classifying or enumerating any article for payment of wharfage dues shall be changed so that less, or no wharfage dues are charged upon such article, no person shall thereby become entitled to any refund on account of any wharfage dues paid before such alteration took effect.

**AGENTS TO BE DEEMED OWNERS OF GOODS.**

17. Any person who acts as the agent of the owner shall be deemed to be the owner of the goods and shall accordingly be personally liable for the payment of any wharfage dues payable in respect of the goods, but nothing herein contained shall relieve the principal from any liability.

## LOADING, UNLOADING AND DELIVERY OF GOODS AT THE PORT OF JAFFA

(As at 31st December, 1937)

**TITLE :**

1. These rules may be cited as the Port of Jaffa Rules.

**LIGHTERAGE :**

2. The transport of goods from and to vessels shall be carried out by means of lighters employed for the purpose by the ship's agent, consignee or shipper, provided that such lighters shall be duly licensed in accordance with the provisions of the Ports Ordinance.

**NOTICE OF DISCHARGE OR LOADING :**

3. Ship's agents, consignees or shippers, as the case may be, shall when so required supply the Port Officer with the registered numbers of the licensed lighters they intend to employ at least twenty-four hours before the commencement of discharge or loading.

**PORTERAGE :**

4. Porterage of goods shall be carried out by such person or persons as the Director shall appoint :

Provided that the Director shall not appoint any person who is not duly licensed under section 9 of the Ports Ordinance.

**SERVICES BY CONSIGNEES AND SHIPPERS:**

5. The following services shall be carried out by consignees, or shippers or their agents, as the case may be, who shall only employ persons duly licensed under section 9 of the Ports Ordinance ;

(a) The delivery and placing upon conveyances for withdrawal from customs of imported iron joists, bars, rods and pipes ; loose roofing tiles, timber, wooden tree stakes and withies ; coal (including briquettes) and oils in barrels and drums.

(b) Re-stacking of timber, and weighing of consignments in bulk for customs examination.

(c) Weighing and handling of goods when required by consignees for the purposes of such consignees.

(d) Porterage of citrus fruit for export.

**PASSENGERS' BAGGAGE :**

6. Porterage for the purpose of passengers' baggage shall be carried out by such person or persons as the Director shall appoint who shall employ only persons duly licensed under section 9 of the Ports Ordinance

**DELIVERY ORDERS :**

7. Delivery orders shall be in English or in English and Arabic or in English and Hebrew and shall in every case be completed by the agency of issue together with a statement showing the amount of lighterage, portorage, and agency fees charged in respect of goods to be delivered from the customs, and shall at the request of the consignee show such fees and charges in detail.

**STAMP DUTY :**

8. The stamp duty payable on the first delivery order issued against any one bill of lading shall be paid by the agent issuing it, and an agent shall not charge any fee for the issue of a delivery order other than as prescribed in the Port of Jaffa (Lighterage, Agency and Porterage Charges) Order.

**CONDITION OF "SOUS-PALAN."**

9. The application of the conditions of "sous-palan" shall be subject to the consignee having complied with the bill of lading.

**LIGHTERAGE, AGENCY AND PORTERAGE CHARGES AT JAFFA PORT.**

1. This order may be cited as the Port of Jaffa (Lighterage, Agency and Porterage Charges) Order.

2. The charges in the port of Jaffa for the services described in the Schedule to this order shall be as prescribed in the tariff set forth in the said Schedule.

3. In computing the amounts payable under the tariff the following provisions shall have effect :—

(a) "Lighterage" shall include the following services :—

(i) In the case of goods imported, the receiving of goods from ship's sling, stowing in lighters, conveyance from alongside ship to alongside quay and in case of goods being discharged by crane, the handling of goods into crane sling at quayside ;

(ii) In the case of goods exported, the stowing of goods on lighters at quayside, transport to alongside ship, and handling into ship's sling.

(b) "Agency Fees" shall mean the fees payable to and collected by the agent of any vessel for the service of arranging the discharge of goods carried by such vessel and discharged therefrom except such goods as are carried under the conditions of "sous-palan".

(c) "Conditions of Sous-Palan" shall mean conditions whereby the shipper and carrier (ship owner) mutually agree that the consignee shall have the option of taking delivery of goods so carried from ship's sling, and whereby the agent of the vessel does not undertake the discharge of goods from ship's sling to shore.

(d) "Porterage" shall include the following services in the case of goods imported, the discharge of goods from lighters alongside quay or wharf, conveyance to customs stores, stacking and re-stacking during and after delivery, covering and removing for protection against damage ; marking packages with relative manifest serial numbers, bringing packages to place of customs examination, opening, unpacking and weighing as required by the customs for examination, repacking, closing and returning to place of deposit after examination, delivery from customs stores upon clearance, and placing upon conveyances for withdrawal ; weighing packages of unmanufactured tobacco on arrival and/or withdrawal and marking the same with the numbers allotted thereto and the weights found ; removal of time expired goods to King's warehouse and handling goods during sales by public auction.

Provided that the term porterage shall not be deemed to include the following services :—

(i) The delivery and placing of the following goods in conveyances for withdrawal, iron joists, bars, rods and pipes, loose roofing tiles, timber, wooden tree stakes and withies, coal (including briquettes) and oils in barrels and drums, or

(ii) the re-stacking of timber and weighing of whole consignments in bulk for customs examination, or

(iii) the weighing and handling of goods when required by consignees for their own purposes, or

(iv) the transport of timber or wood of any type from the customs area to any place outside such area as may be approved by the Director as a storage space for such goods pending clearance from the customs.

In the case of goods exported, the discharge of goods from conveyances upon arrival in the customs ; conveyance to stores or place of deposit and handling as in paragraph (i) conveyance from stores or place of deposit and placing in lighters alongside quay, or delivery from stores or place of deposit and placing upon conveyances upon withdrawal or export.

(e) Agency fees shall not be payable in respect of goods exported.

(f) The rates for portorage set forth in the tariff shall include the fees payable for the hire of customs cranes.

(g) The rates set forth in the tariff shall apply in proportion to any greater or lesser quantity of goods unless otherwise prescribed.

(h) Payment for lighterage shall be paid to ships' agents where lighterage services have been carried out by them.

(i) Payment for portorage shall be made to such person or persons who are duly authorized to perform the work of portorage in the port of Jaffa or to his or their accredited representatives prior to the clearance of goods from the customs.

(j) If any question shall arise in regard to the levying of charges under the above tariff, it shall be referred to the Port Officer, Jaffa, for his decision, provided that an appeal may be made within eight days from the decision of the said Port Officer to the Director of Customs whose decision shall be final and binding.

The above charges include transfer from the ship's cabin or deck to boat and delivery on landing stage or *vice versa*.

Provided always that when a blue flag with a white ball (denoting rough weather) is hoisted at the office of the port officer, fares not exceeding double the fares in the tariff may be charged. And provided also that when a red flag with a white square in the centre is hoisted at the office of such officer (denoting foul weather) these rates shall not apply.

Immigrants and tourists may be conveyed at special rates by mutual arrangements, provided that such special rates shall in no case exceed the rates allowed by the tariff, nor be less than these, by more than 50 per cent.

**PORT OF JAFFA WHARFAGE DUES RULES**  
(As at 31st December, 1937)

**CITATION.**

1. These rules may be cited as the Port of Jaffa (Wharfage Dues) Rules, 1937.

**INTERPRETATION .**

2. In these rules—  
“port” shall mean the water limits of the port of Jaffa as defined in the Port of Jaffa (Definition) Order.

**WHARFAGE DUES.**

3. Wharfage dues at the rates set out in the schedule to these rules shall be paid by the importer or exporter or his agent respectively on goods, other than—

- (a) goods imported or exported in postal mails,
  - (b) goods imported or exported by the Governments of Palestine and Trans-Jordan,
  - (c) goods the property of His Majesty, imported or exported by His Majesty's forces,
  - (d) passengers' baggage as specified under item 28 of the third schedule to the Customs Duties Ordinance,
  - (e) *bona fide* stores and provisions exported for the use of ships in port,
  - (f) boats and craft of all kinds, imported or exported,
  - (g) duty paid goods and goods of local origin landed in the port of Jaffa in direct transfer by sea from another port in Palestine,
  - (h) travellers' samples imported or exported,
- imported or exported by any vessel and landed at or shipped from any quay or wharf in the port to the collector of Customs before the removal of such goods from the control or custody of the collector of Customs.

**COLLECTOR OF CUSTOMS MAY DETAIN GOODS.**

4. The collector of Customs may detain any goods on which wharfage dues are, or in his opinion appear to be, payable, until payment is made or security, approved by him, is given for their payment.

**WHERE WHARFAGE DUES ARE IMPOSED BY WEIGHT OR MEASURE.**

5. Where wharfage dues are imposed according to weight or measure, the weight or measurement of the goods shall be ascertained according to the weights and measures approved by the Customs and shall apply in proportion to any greater or lesser weight or measure.

**WHERE GOODS ARE CLASSED UNDER MORE THAN ONE NAME.**

6. If any goods are, or can be, classed under two or more names, headings or descriptions, with a resulting difference as to wharfage dues, dues shall be charged at the higher or highest of the dues applicable.

**WHERE GOODS ARE CLASSED BY MEASURE OR WEIGHT.**

7. Where goods are charged with wharfage dues by measurement, such measurement shall be taken to the full extent of the heap or pile in all cases where the goods are measured in bulk and, where wharfage dues are charged by weight, the weight chargeable shall be the gross weight of the goods including the package, if packed or bundled in any way

**REFUND OF WHARFAGE DUES.**

8. A refund of wharfage dues may be made by the Director in the manner prescribed whenever he is satisfied that payment has been made through obvious error of fact, but no refund shall be made unless a claim for such refund is made previous to the removal of the goods from the Customs control.

**WHERE WHARFAGE DUES ARE SHORT-LEVIED OR WRONGLY REFUNDED.**

9. Where wharfage dues are short-levied or erroneously refunded, the person who should have paid the amount short-levied or to whom the refund has erroneously been made shall pay the amount short-levied, or repay the amount erroneously refunded, on demand being made by the collector of Customs. The collector of Customs may refuse to deliver any goods belonging to such persons until the amount short-levied be paid, or the amount erroneously refunded be repaid.

**WHERE WHARFAGE DUES CHANGE.**

10. If any practice of the Customs relating to classifying or enumerating any article for payment of wharfage dues shall be changed so that less, or no, wharfage dues are charged upon such article, no person shall thereby become entitled to any refund on account of any wharfage dues paid before such alteration took effect.

**AGENTS TO BE DEEMED OWNERS OF GOODS.**

11. Any person who acts as the agent of the owner shall be deemed to be the owner of the goods and shall accordingly be personally liable for the payment of any wharfage dues payable in respect of the goods, but nothing herein contained shall relieve the principal from any liability.

**COMMENCEMENT.**

12. These rules shall come into force on the first day of April, 1937.

**SHIPPING DUES**

(As at 31st December, 1937)

**ANCHORAGE DUES**

1. (1) Anchorage dues shall be payable for each stay of 15 days or part thereof at the rates mentioned below on the net registered tonnage of all vessels making use of any port in Palestine :—
- |   |   |
|---|---|
| Per registered ton up to 500 tons .. .. .     | 5 |
| On the excess of 500 up to 1,000 tons .. .. . | 3 |
| On the excess of 1,000 tons .. .. .           | 2 |

provided that :—

- (a) The maximum dues payable for each stay of 15 days or part thereof on any vessel shall be £P. 12.  
 (b) If a vessel has paid full dues at one port in Palestine, half only of the dues that would otherwise be payable, with a maximum of £P. 6 for each stay of fifteen days or part thereof, shall be payable by such vessel on its calling at a second port in Palestine on the same voyage: if half dues are so paid and such vessel calls subsequently on the same round voyage at any port in Palestine, no dues shall be payable for the first stay of fifteen days or part thereof, but half of full dues, with a maximum of £P. 6 shall be charged for each further period of stay of fifteen days or part thereof.

- (c) If a vessel arrives at any port in Palestine and there receives free pratique and leaves without having discharged or taken on board cargo, or without having landed or taken on board any passengers, only one-fourth of full dues shall be payable for the first stay of fifteen days or part thereof, unless otherwise exempted by these regulations.

- (d) If a vessel has already paid full dues at one port in Palestine, and calls on the same voyage at another port in Palestine where dues are paid in accordance with paragraph (c), such vessel shall, on calling subsequently on the same round voyage at the next port in Palestine, pay quarter of full dues for each stay of fifteen days or part thereof: if such vessel calls thereafter on the same voyage at a port in Palestine, it shall pay no dues for the first stay of fifteen days or part thereof, but shall pay half of full dues for each further period of stay of fifteen days or part thereof; and

Provided that any complete days, during which a vessel is obliged, through stress of weather to leave and remain absent from the port, shall be deducted from the period of stay in all cases where failure to make such deduction would otherwise render a vessel liable to dues for two or more periods, if the vessel during such absence has not touched at any other port.

- (2) The following vessels shall be exempt from anchorage dues :—

- Ships of war ;
- Government owned vessels employed on other than trading purposes ;
- Ships hired or chartered by His Britannic Majesty's Government for the conveyance of troops or stores for His Britannic Majesty's Service.
- Vessels in distress or making use of the port as a port of refuge and vessels which do not receive a free pratique and do not discharge or take on board cargo or land or take on board passengers.
- Vessels, tugs, lighters, pontoons, launches or other boats plying exclusively in any port in Palestine or between the ports of Palestine, which shall have paid the registration fees prescribed for such vessels ;
- Yachts belonging to yacht clubs registered or recognized by any state and being wholly in ballast ;
- Vessels under 10 tons registered tonnage owned by persons domiciled in Palestine ;
- The vessels of any company which is authorized to carry on telegraphic service and has laid cables in the territorial waters of Palestine.

- (3) The master of any vessel, propelled only by means of sails, may compound for the anchorage dues payable under subsection (1) for a stay in each port not exceeding fifteen days on each visit by the payment in advance of fifty mils for each ton of the vessel's registered tonnage for every half year or part thereof: for the purpose of this subsection a half year shall be deemed to be the period from the first day of January to the thirtieth day of June or the period from the first day of July to the thirty-first day of December in every year, as the case may be.

**REGISTRATION AND MEASUREMENT FEES**

2. (1) Vessels may be registered at the ports of Gaza, Jaffa, Haifa, Acre and Dead Sea post (Judeida). The following fees shall be payable on registration :—

Vessels not exceeding 10 tons register .. .. .	250
Vessels exceeding 10 and not exceeding 25 tons register .. .. .	500
Vessels exceeding 25 and not exceeding 50 tons register .. .. .	1000
Vessels exceeding 50 and not exceeding 100 tons register .. .. .	1500
Vessels exceeding 100 and not exceeding 200 tons register .. .. .	2000
For every additional 100 tons or fraction thereof .. .. .	500

- (2) Every vessel shall on first registration be measured in the prescribed manner and may be re-measured at any time on demand of the officer in charge of the port or of the owner.

- (3) The following fees shall be payable on measurement :—

For vessels not exceeding 10 tons registered tonnage .. .. .	250
For vessels exceeding 10 and not exceeding 25 tons registered tonnage .. .. .	500
For vessels exceeding 25 and not exceeding 50 tons registered tonnage .. .. .	1000
For vessels exceeding 50 and not exceeding 100 tons registered tonnage .. .. .	1500
For vessels exceeding 100 and not exceeding 200 tons registered tonnage .. .. .	2000
For vessels exceeding 200 and not exceeding 500 tons registered tonnage .. .. .	3000
For vessels exceeding 500 and not exceeding 800 tons registered tonnage .. .. .	4000
For vessels exceeding 800 and not exceeding 1,200 tons registered tonnage .. .. .	5000
For vessels exceeding 1,200 and not exceeding 2,000 tons registered tonnage .. .. .	6000
For vessels exceeding 2,000 and not exceeding 3,000 tons registered tonnage .. .. .	7000
For vessels exceeding 3,000 and not exceeding 4,000 tons registered tonnage .. .. .	8000
For vessels exceeding 4,000 and not exceeding 5,000 tons registered tonnage .. .. .	9000
For vessels exceeding 5,000 tons registered tonnage .. .. .	10000

- (4) On application for the re-measuring of a vessel in whole or in part for any purpose, half the above fees shall be payable.
- (5) The measurement of tonnage of a vessel shall be carried out in accordance with the rules in force from time to time for merchant shipping in England.
- (6) The registration of any vessel under the provisions of this rule shall not be construed as limiting in any way the discretion vested in the officer in charge of a port by virtue of the provisions of rule 4 (2).

3. Every vessel shall on first registration be surveyed in the manner prescribed by the Director, with a view to ascertaining its seaworthiness, and may be re-surveyed at any time on the demand of the officer in charge of the port.

#### LICENCE FEES

4. (1) The following licence fees shall be payable annually in respect of vessels employed within the limits of any port in Palestine, in the conveyance for hire of persons or goods to or from a vessel, or any other service :—

	mils

- (v) goods in transit through Palestine for ten days exclusive of the day of landing and the day of clearance provided that such goods are manifested as being in transit ;
- (vi) goods in transit to or from Palestine and Iraq carried by approved trans-desert motor transport services for twenty-eight days exclusive of the day of landing and the day of clearance, in respect of inward cargo, and for twenty-eight days exclusive of the day of arrival and the day of shipment in respect of outward cargo.

(vii) goods imported by or for the use of the Government of Palestine.

Provided further that, subject to the condition that the Director may, by giving three months' notice to the owner thereof, order the removal of any such coal, a charge at the rate of fifty mils per square metre for every six months or part thereof shall be made in respect of coal imported for the purposes of being re-exported for bunkering ships. Any owner of such coal failing to remove it upon the expiration of the three months' notice hereinbefore referred to shall pay for the storage of such coal as from the determination of such notice at the rate set out in para. (d) of this subsection until such time as the coal has been removed either by the owner or by the Director at the owner's expense.

Provided further that, subject to the condition that the Director may, by giving three months' notice to the owner thereof, order the removal of any such sifsif, a charge at the rate of fifty mils per square metre for every six months or part thereof shall be made in respect of sifsif of Palestinian origin stored within the limits of the harbour at Haifa. Any owner of such sifsif failing to remove it upon the expiration of the three months' notice hereinbefore referred to shall pay for the storage of such sifsif as from the determination of such notice at the rate set out in paragraph (a) of this subsection until such time as the sifsif has been removed either by the owner or by the Director at the owner's expense.

Provided further that a charge at the rate of fifty mils per square metre for every month or part thereof shall be made in respect of heavy articles of ships' deck or engine room stores landed direct from vessels and stored in a customs house store, yard or other place where it will be under customs control (other than any warehouse of the Levant Bonded Warehouses, Ltd., or other warehouse, store or place authorized by the Director) subject to the condition that the Director may, by giving three months' notice to the owner thereof, order the removal of any such heavy articles of ships' deck or engine room stores. Any owner of such stores failing to remove them upon the expiration of the three months' notice hereinbefore referred to shall pay for the storage of such stores as from the determination of such notice at the appropriate rates set out in paragraphs (a) to (e) of this sub-rule until such time as the stores have been removed either by the owner or by the Director at the owner's expense.

Provided further that when goods arriving by rail cannot be stored in that part of the railway premises which is leased by the Customs either on account of lack of space or the bulk or nature of the goods, then such goods shall remain in the custody and be subject to the charges of the Railway Department until their delivery by authority of the Customs, and these rules shall not apply thereto.

(2) Sundays and public holidays shall be excluded from the periods for which no charge is made of three, five and six days referred to in paragraphs (i), (ii) and (iii), respectively, of the proviso to subsection (i) hereof and from the periods of ten and twenty-eight days referred to in paragraphs (v) and (vi), respectively, of that proviso and also from any subsequent period when rent for storage is chargeable.

(3) Storage shall be charged on any article deposited pending export from the date of deposit, at the rate of fifty mils per square metre occupied for each month or part thereof. The charge shall be applicable to each separate consignment of goods stored.

Provided that in the case of potash deposited pending export, storage shall be charged from the date of deposit at the rate of two mils per square metre per day.

2. If the rent on any consignment of unmanufactured tobacco or tombac remains unpaid for a year, the consignment shall be deemed to be unclaimed and shall be sold by the collector.

3. All goods in respect of which direct delivery has been granted by the collector shall be subject to rent at the rate specified in paragraph 1 on the expiration of 48 hours from the hour of landing.

4. Goods re-exported or removed to another port in Palestine from the customs store, yards or other place under customs control, and proved to the satisfaction of the Director to have been landed in error, may be exempt from rent for a period not exceeding one calendar month.

5. No charge shall be made for goods transported by rail in bond for any clear days during which they were in the railway trucks.

6. The Director may allow a reduction of store rent up to 50% in special cases; provided that no reduction shall be allowed when less than 10 days rent is due.

7. In the case of a vessel discharging cargo for a period of more than one day, the date of the landing of any goods therefrom shall be deemed to be the last day of discharge for the purpose of the calculation of rent.

Animal tax .. .. .	39,375.820	19,283.205	—	20,092.615	Collection of this tax was rendered very difficult during the period of the disturbances, and collections thereafter were low owing to the poverty of the tax-payer. Remissions in respect of arrears due from nomadic tribes in Trans-Jordan and Sinai amounted to £P. 938.
House and land tax .. ..	37,267.222	8,719.302	—	28,547.920	This tax in rural areas was replaced with effect from 1st April, 1935, by the rural property tax. The receipts in 1936-37 represent, therefore, arrears from previous years, the collection of which was rendered very difficult on account of the disturbances.
Tithes .. .. .	25,548.230	5,550.101	—	19,998.129	The tithe, except in the Beersheba and the Huleh areas, was replaced by the rural property tax with effect from 1st April, 1935. The collections in 1936-37 are, therefore, partly in respect of arrears and partly in respect of the tithe which is still in force in the Beersheba and Huleh areas. The disturbances, however, rendered collections during the year very difficult.

Brought forward .. ..	£P. mils	£P. mils	£P. mils	£P. mils	The rural property tax was introduced with effect from the 1st April, 1935, in substitution for the house and land tax in rural areas and the tithe, except in Beersheba and the Huleh areas where the tithe is still collectable. Collection of this tax in most rural areas was rendered very difficult during the period of the disturbances and collections thereafter were low owing to the poverty of the tax-payer; although in the last quarter of the year total collections nearly attained the normal anticipated rate of collection. A sum of £P. 16,500 in respect of the tax on citrus land was remitted during the year.
Rural property tax .. ..	191,756.098	105,616.639	217.350	86,356.809	
Urban property tax .. ..	100,529.824	84,747.285	—	15,782.539	Collections suffered, particularly during the first half of the year, as a result of the disturbances.
Stamp duties .. ..	241,040.509	194,849.379	—	46,191.130	The drop in revenue from stamp duties is due to the general decline in the volume of commercial transactions subject to the duty.
Excise : Matches .. ..	124,476.870	88,938.533	—	35,538.337	Due to decrease in consumption. Production which was 235,588 gross of boxes in 1935-36 dropped to 219,603 gross of boxes in 1936-37.
Salt .. ..	30,933.139	28,135.729	—	2,797.410	Due to decrease in consumption.
Tobacco .. ..	16,400.000	13,250.000	—	3,150.000	The decrease is attributable to the general decline in the purchasing power of the community. The output of manufactured tobacco in 1936-37 was 857,368 kilos as compared with 977,521 in 1935-36.
Wines and spirits .. ..	248,250.630	214,946.096	—	33,304.534	Increased production for home consumption of locally brewed beer the production of which increased from 242,028 litres in 1935-36 to 2,144,742 litres in 1936-37. On the other hand production of other wines and spirits decreased from 2,196,989 litres in 1935-36 to 2,041,208 litres in 1936-37.
Fines and forfeitures .. ..	62,494.456	74,002.227	11,507.771	—	The decrease is largely contingent upon the decrease in the number of court cases entered, the reduction in imports and a reduction of £P. 5,495 in forfeited immigrants' deposits.

III. His Excellency the High Commissioner .. .. .	9,103.093	10,254.265	1,151.172	—	The increases occur under personal emoluments (£P. 503), due to the appointment of an additional Aide-de-Camp and purchase of a new car (£P. 784).
IV. Secretariat .. .. .	39,487.132	69,463.047	29,975.915	—	The principal increases occur under personal emoluments (£P. 13,077); telegrams, telephones and postage (£P. 6,329); stationery (£P. 2,107); paper and materials for the Printing Press. The increase under personal emoluments resulted mainly from the payment for a full year in 1936-37 of the salaries of the Printing and Stationery Office which was opened in December 1935, but there was an increase in the staff of the Translation Bureau which accounts for part of the increase under personal emoluments. It should also be remarked that the cost of living allowances which in the preceding year was charged to Head XXVI. Miscellaneous was transferred in 1936-37 to the departmental votes, and in consequence the personal emoluments votes of all Departments show a considerable increase in 1936-37 over those of 1935-36. The increase under Secretariat vote for telegrams, telephones and postage was caused mainly by the increased use of the telegraph service on account of the disturbances. In 1935-36 the expenditure on stationery, paper and materials was apportioned as to £P. 14,160 from the Miscellaneous Vote and as to £P. 7,465 from the Secretariat Vote whereas of the total expenditure of £P. 18,479 in 1936-37 the sum of £P. 16,535 was met from the latter vote and only £P. 1,944 from the Miscellaneous Vote.
V. District Administration .. .. .	154,839.552	156,930.819	2,091.267	—	The principal increases occur under personal emoluments (£P. 13,112) owing mainly to the fact that the collection of the rural property tax was transferred from the mukhtars to tax collectors necessitating thereby the employment of 64 additional tax collectors. The introduction of this tax and the increase in the volume of work in District Offices also accounted for considerable increases in clerical staff which together with the transfer of the cost of living allowances from the Miscellaneous Head to the departmental vote increased the personal emoluments vote by £P. 5,444. On the other hand the cost of the application of the rural property tax fell from £P. 13,477 in 1935-36 to £P. 1,457 in 1936-37, expenditure being required for re-assessment and revision proceedings only.
VI. Legal Department .. .. .	11,000.239	14,011.194	3,010.955	—	The Town Planning Ordinance 1935, necessitated the institution of town planning headquarters and regional administrations the cost of which amounted to £P. 2,111 in 1936-37 as compared with £P. 596 expended on this service in 1935-36 and which was shown in that year under the vote of the Department of Health. The transfer of the cost of living allowances from the Miscellaneous Head to the departmental vote accounts for a further increase of £P. 728.
VII. Judicial Department .. .. .	94,151.042	100,881.777	6,730.735	—	The increase occurs chiefly under personal emoluments and is due to the transfer of the cost of living allowances from the Miscellaneous Head to the departmental vote.
VIII. Treasury .. .. .	17,095.256	20,494.714	3,399.458	—	An increase of £P. 3,360 occurs under personal emoluments due partly to the payment of a full year's emoluments of the Inspector of Banks and an additional Senior Assistant Treasurer, grade "F", these officers having been appointed during the last quarter of 1935-36 and partly to the transfer of the cost of living allowances from the Miscellaneous Head to the departmental vote.

IX. Audit Department ..	13,627.936	17,998.124	4,370.188	—	An increase of £P. 4,149 occurs under personal emoluments which is accounted for by an adjustment during the year under review of the salary of an officer seconded for service with the Trans-Jordan Government for the period from 1st July, 1929, to 31st March, 1937; by approved increase of pay of the Senior Assistant Auditor and promotions of clerical staff; and by the transfer of the cost of living allowances from the Miscellaneous Head to the departmental vote.	
X. Customs, Excise and Trade ..	243,448.964	277,476.625	34,027.661	—	An increase of £P. 18,291 under personal emoluments resulted from the increased cost of labourers employed at Haifa Harbour, in connection with the Government portage service, to cope with the increase in the volume of imports arising from the diversion of shipping to that port from Jaffa during the disturbances, and to the inclusion of expenditure on cost of living allowances previously shown under the Miscellaneous Head. An increase of £P. 47,573 is also shown under drawbacks of customs duty, owing to an increased share of these drawbacks being paid to the Trans-Jordan Government and to refunds of import duty paid to contractors in respect of goods supplied to His Majesty's Forces. On the other hand decreases are shown under refunds in respect of revenue collected in previous years (£P. 5,251) and under special expenditure owing to the purchase in 1935-36 of a new tug (£P. 20,553) and the conversion of two other tugs into oil burning vessels (£P. 7,363).	
XI. Department of Health ..	194,632.018	204,350.469	9,718.451	—	The principal increase occurs under personal emoluments (£P. 18,090) of which £P. 8,236 resulted from the transfer of cost of living allowances from the Miscellaneous Head to the departmental vote. During the year the Government took over the entire control and maintenance of the Jaffa Municipal Hospital and it was also found necessary to open a 25 bed epidemic hospital in the Jewish settlement of Bnei-Braq near Petach Tiqva, owing to the lack of facilities for epidemic hospitalization in the Southern District. The demand for increased accommodation at Government hospital involving the appointment of additional probation and midwife nurses and hospital servant, is also responsible for the increased expenditure under this item. On the other hand savings of note occur under two items of the special expenditure, namely the purchase of deratization barge (£P. 4,360) the barge having been purchased in 1935-36 and the drainage of Birker Ramadan (£P. 5,082).	
XII. Department of Education ..	221,087.186	243,243.518	22,156.332	—	The principal increases under personal emoluments (£P. 24,096 of which £P. 14,100 is due to cost of living allowances) which resulted from the payment of a full year's emoluments of the additional teachers appointed in the latter part of 1935-36 and normal increments; grant-in-aid to the schools of the Vaad Leumi (£P. 6,000); and under special expenditure another grant in the sum of (£P. 4,352) was given to the same schools in respect of an adjustment of arrears of the share of capital expenditure on Arab schools. On the other hand there were decreases under rations for boarders (£P. 1,780) and under special expenditure—tools and equipment for technical instruction and agricultural education in schools (£P. 2,919); school furniture (£P. 1,238); and grants to local authorities for school buildings (£P. 6,725). These grants are given to local authorities who provide sites for and contribute towards the cost of construction of village schools under approved schemes. No applications were received in 1936-37. Educational conditions were abnormal during the year under review as owing to the disturbances, schools were closed for the greater part of the year and when re-opened the services were restricted generally to those approved in 1935-36.	
Carried forward..	1,159,164.686	1,278,592.804	119,428.376	.258		

An increase of £P. 4,149 occurs under personal emoluments which is accounted for by an adjustment during the year under review of the salary of an officer seconded for service with the Trans-Jordan Government for the period from 1st July, 1929, to 31st March, 1937; by approved increase of pay of the Senior Assistant Auditor and promotions of clerical staff; and by the transfer of the cost of living allowances from the Miscellaneous Head to the departmental vote.

The title of the Department of Agriculture and Forests was changed in 1936-37 to Department of Agriculture and Fisheries, consequent on the establishment of a separate Department of Forests. A decrease of £P. 3,616 is shown under the Department of Agriculture and Fisheries, but expenditure totalling £P. 24,322 is recorded under the Department of Forests; so, in effect, there was an increase of approximately £P. 20,000 in the expenditure on these services. The main increases occur under personal emoluments (£P. 10,213 including £P. 3,322 in respect of cost of living allowances) and citrus advertising fund (£P. 15,404) owing to the increased exportation of citrus fruit. On the other hand there was a decrease of £P. 5,260 under the fumigation service, as this service could not be carried out in 1936-37.

The main increases occur under personal emoluments (£P. 2,663) which includes cost of living allowances previously shown under the Miscellaneous vote; and purchase of show cases—special expenditure (£P. 2,345).

An increase of £P. 11,071 occurs under personal emoluments which includes cost of living allowances. This increase is offset by decreases approximating £P. 2,000 under various items, the principal decrease occurring under marks and beacons (£P. 717).

There was an increase of £P. 2,048 under personal emoluments which includes cost of living allowances, and £P. 6,709 being Government share in the cost of a contour and hydrographic survey which it was found necessary to carry out in the whole of the Huleh Basin in connection with the concession of a part of that area to the Company formed for the operation of the concession. The survey was carried out in collaboration with this Company who paid the share appertaining to the area conceded to Jewish interests.

The principal increases occurred under Police:—personal emoluments (£P. 112,083); transport and travelling (£P. 43,834); uniforms, clothing and equipment (£P. 8,598); criminal investigation (£P. 2,241); forage and forage allowances (£P. 3,968); rations (£P. 5,245); upkeep of mechanical transport (£P. 8,881); passages (£P. 6,382); special expenditure—teleprinting apparatus (£P. 3,060); and purchase of Ford box cars (£P. 9,425); and under Prisons and Lock-ups:—personal emoluments (£P. 2,690); and prison rations (£P. 2,818). These increases are divisible into two categories, namely (a) additional expenditure incurred as a direct result of the disturbances, and (b) expansion of normal services. The expenditure incurred under category (a) amounted to £P. 145,095 the principal increases being in respect of the employment of supernumerary police constables (£P. 49,340); emergency subsistence allowances (£P. 16,089); transport and travelling (£P. 41,577); uniforms, clothing and equipment (£P. 10,700); upkeep of mechanical transport (£P. 4,374); and Ford cars (£P. 9,425). Approximately 3,000 supernumerary police were enlisted during the year, and of the increased expenditure under transport and travelling the sum of £P. 39,500 was incurred on hire of motor vehicles as the existing Police vehicles were unable to meet, unaided, the full demands for regular and continuous patrolling of all routes and for transport in connection with police movements. The hire of transport was however, practically dispensed with after the purchase of the 65 Ford cars, referred to above, in the latter part of the year. As regards (b), the expansion of normal services, there was a considerable increase in police personnel for the expansion of the Criminal Investigation Department and the traffic and mechanical transport sections and for the strengthening of the establishments in the Jerusalem, Northern and Southern Districts.

XIX. Department of Migration	..	32,424.456	36,964.582	4,540.127	—	There is an increase of £P. 2,687 under personal emoluments due partly to the expansion of the service and partly to the transfer of the cost of living allowances from Head Miscellaneous to the departmental vote; and of £P. 974 for purchase of Palestine passports.
XX. Office of Statistics	..	1,498.494	4,765.104	3,266.610	—	An increase of £P. 3,318 occurs under personal emoluments. The department was not fully established in 1935-36.
XXI. Trans-Jordan Frontier Force..	..	171,186.594	179,257.236	8,070.642	—	The increase occurs chiefly under personal emoluments (£P. 7,662) due to calling reservists in connection with the disturbances..
XXII. Defence	..	145,288.561	1,297,000.000	1,151,711.439	—	Due to increased expenditure incurred in sending reinforcements to Palestine owing to the disturbances.
XXIII. Department of Posts and Telegraphs	..	310,778.187	351,943.179	41,164.992	—	The main increases occur under personal emoluments (£P. 35,558) due to increase in personnel necessitated by the marked increase in postal matter handed by the Department, the extended use of the telegraph service and the very heavy demand for new telephones; renewals fund (£P. 8,780) due to a revision of the basis of calculation; and broadcasting programmes (£P. 7,498) due to the fact that the service was only inaugurated during the latter part of 1935-36. Additional expenditure approximating £P. 8,700 directly attributable to the disturbances was also incurred mainly to provide for labour and overtime allowances (£P. 3,400) and additional requirements in maintenance stores (£P. 4,200) for the repairs of routes damaged by acts of sabotage. On the other hand there was a decrease of £P. 21,384 under conveyance of mails due to delay in the rendition, and consequently the settlement, of the international accounts.
XXIV. Public Works Department	..	58,694.021	76,396.522	17,702.501	—	The major increase occurred under personal emoluments (£P. 16,283) owing to staff expansion to deal with the extended building programme and to the transfer of cost of living allowances from the Miscellaneous Head to the departmental vote. This excess includes £P. 4,310 in respect of the Jerusalem Water Supply Service which was inaugurated in the latter part of 1935-36 and represents the cost of personnel involved in the administration by the department of the section of the scheme from Ras el Ain to the Romeima Reservoir in Jerusalem.
XXV. Public Works Recurrent	..	288,086.038	320,349.756	32,263.718	—	The main increases occurred under maintenance of mechanical transport (£P. 4,209); maintenance of roads and bridges (£P. 16,905) and maintenance of the Jerusalem Water Supply which was opened early in 1936, (£P. 17,918). These increases are, in a large measure, directly attributable to the disturbances and to acts of sabotage. On the other hand there was a decrease of (£P. 9,827) under rent of officers and quarters, the expenditure in 1935-36 being abnormal owing to payment of rent in respect of certain buildings for two Muharrams (Hejira years) falling within that financial year.

Carried forward ..	3,447,831.702	5,288,800.950	1,847,884.602	6,915.354

The principal increases occur under the following items :—

(a) Emergency relief measures (£P. 22,095). During the disturbances Jewish refugees were evacuated from Jaffa, Hebron and Beisan to Tel-Aviv, Jerusalem and Tiberias respectively. The maintenance and ultimate rehabilitation of indigent refugees was undertaken by the Vaad Leumi and other Jewish bodies with the assistance of contributions from Government in agreed proportion to actual expenditure (in most cases Government contributed a moiety of the cost).

(b) Compensation for loss of property caused by demolitions at Jaffa (£P. 6,230). It was found essential during the disturbances to demolish a part of the slum area in Jaffa and to pay compensation for disturbance and loss of property to the persons ejected from the area.

(c) Depreciation on investments (£P. 165,704). The value at middle market price of the securities held by the Crown Agents for the Colonies on account of surplus balances was £P. 4,415,993 at 31st March, 1937, as compared with their book value of £P. 4,581,697.

(d) Write-off of agricultural, seed, fodder and earthquake reconstruction loans (£P. 119,788). At the 31st March, 1935, the total amount which had been issued during previous years in the form of loans to cultivators after the 1927 earthquake was £P. 810,646. Of this total £P. 608,019 had been repaid at the 31st March, 1937, while sums aggregating £P. 24,481 had been written off. The total outstanding at the 31st March, 1937, was therefore £P. 178,146 on which interest had accrued to the extent of £P. 12,676. The write-off of these loans was approved in cases where there was no prospect of effecting recoveries or where the individuals would be financially crippled if Government were to insist on recovery or to seize the properties which formed the security for the loans.

Decreases of note occurred, on the other hand, under the following items :—

(a) Grants to Municipalities (£P. 13,573). The grants to Municipalities in 1935-36 were considerably increased to provide essential improvement works which, owing to the limited financial resources of the Municipalities concerned, had to be postponed.

(b) Flood relief works, Tiberias (£P. 7,580); payment of tithes assigned to private Waqfs (£P. 9,054); and contribution towards the construction of the Mafrak—Jisr Majmie road (£P. 16,948). These services carried out in 1935-36 at a total cost of £P. 36,453 only required expenditure of £P. 2,871 for completion in 1936-37.

(c) Cost of living allowances (£P. 60,762). Provision for these allowances was transferred in 1936-37 to the appropriate departmental votes.

A further sum of £P. 3,305 was expended in 1936-37 on the construction and equipment of the broadcasting station Jerusalem. The remaining expenditure during the year under review may be summarized as under :—

(a) Additional trunk lines ; reconstruction of routes, trunk entry cables ; distribution cables and underground cables .. .. .	£P. 46,973
(b) Additional subscribers' circuits ; and additional exchange switchboards .. .. .	36,346
(c) Development of underground cables and ducts, Jerusalem, Haifa, Jaffa and Tel-Aviv .. .. .	28,130
(d) Installation of automatic exchanges and conversion of subscribers to automatic apparatus .. .. .	12,594

TOTAL EXPENDITURE	4,236,201.575	1,907,934.170	705,094

The expenditure for the year falls into the following categories:—

(1) Works and Buildings .. ..	£P. 87,222
(2) Construction of Roads and Bridges .. ..	233,708
(3) Miscellaneous .. ..	384,164
	£P. 705,094

As compared with the 1935-36 the expenditure under category (1) shows a decrease of £P. 3,742 whereas there are increases of £P. 23,068 and £P. 40,724 under categories (2) and (3) respectively. The major services carried out under works and building were the construction of Tel-Aviv post office (£P. 18,148); additions and improvements to animal quarantine station, Haifa (£P. 2,878); additions to British police camp and purchase of land Mount Scopus Jerusalem (£P. 9,101); camp for farm labour and juvenile delinquents Acre (£P. 5,376); and detention camp Sarafand (£P. 7,952). The major road works carried out were construction of Rehovoth—Gaza road (£P. 20,997); Tulkarm—Nathanya road (£P. 13,948); Jaffa—Salama—Wilhelma road (£P. 15,008); section of Affuleh — Beisan road (£P. 16,137); Jaffa — Haifa road (£P. 87,202); Nazareth road to Jinijar through Nahalal (£P. 11,645); and reconstruction, realignment and widening of roads etc. (£P. 11,137). Under Miscellaneous, the continuation of he construction of the airports at Lydda and Haifa accounted for £P. 118,432; the Jaffa port improvements for £P. 62,870; the cargo jetty and ancillary works at Haifa Harbour for £P. 70,337 and the Haifa Oil dock and east reclamation area for £P. 25,273. These works are being continued in 1937-38. Other works of interest are the demolition works at Jaffa (£P. 11,287); a housing scheme at Jaffa (£P. 10,112) which is being continued in 1937-38; the preparation of plans by the Consulting Engineers for the extension of Haifa Harbour (£P. 10,000); and a charge against this Head of £P. 18,479 for that part of the cost of the Jerusalem water supply scheme which is in excess of the amount provided from loan funds.

Of the total expenditure of £P. 705,094 it is estimated that expenditure amounting to £P. 103,908 may be ascribed directly to the disturbances. This amount includes expenditure on detention camps (£P. 9,350); demolition works, Jaffa (£P. 11,287); housing scheme, Jaffa, arising from demolitions (£P. 10,112); and construction or acceleration of construction of roads of strategic importance (£P. 65,970).

The programme of works was smaller in 1936-37 and with the exception of the continuation of the reconstruction of Zerka camp (£P. 3,971), the major works have been completed in 1934-35 and 1935-36.

The net excess of expenditure over the revenue of the Palestine railways and operated lines. The expenditure in 1936-37 includes £P. 160,981 on extraordinary expenditure and £P. 74,000 contribution to the renewals fund.

The decrease represents the final charge of £P. 661 in 1935-36 being the moiety of the cost of the Zerka valley survey in connection with the Haifa—Baghdad railway.

## PUBLIC DEBT

### OTTOMAN PUBLIC DEBT

The amount due by Palestine under the Treaty of Lausanne has been settled with certain reservations at a cost of £P. 813,893.

#### PALESTINE GOVERNMENT £5 PER CENT. GUARANTEED STOCK, 1942-1967

An issue of £4,475,000 of Palestine Government £5 per cent. Guaranteed Stock, 1942-1967, authorized by the Palestine Loan Ordinance, 1927, was made by the Bank of England on behalf of the Government of Palestine in December, 1927. The price of issue was £100 10s. od. per cent., and the issue was fully subscribed on the day of issue. Principal and interest and sinking fund payments in respect of the loan are secured upon the general revenues and assets of Palestine, with priority over any charges thereon not existing at the 15th December, 1926; and payments of principal and interest are guaranteed by the British Treasury. The loan was required for the construction of a harbour at Haifa, for the improvement of the port of Jaffa, and for railway capital improvements and public works; for the payment of £1,000,000 to His Majesty's Government for railway and other capital assets taken over by the Palestine Government; and to repay monies advanced to defray expenditure on railway equipment and improvement, on other public works, and on the acquisition of the Jaffa-Jerusalem railway.

At the 31st March, 1937, the total payments from loan funds amounted to £P. 4,422,421 as under:—

## SECTION VI

## MUNICIPAL CORPORATIONS AND OTHER LOCAL BODIES

1. There are twenty-four municipalities in Palestine, of which five are in the Galilee and Acre District, five in the Haifa and Samaria District, five in the Jerusalem District and nine in the Southern District. With the exception of Tel Aviv and Petah Tiqva which were established in 1934 and 1937, respectively, under the Municipal Corporations Ordinance 1934, all municipalities were created under the Ottoman regime and were governed by the Ottoman Wilayet Municipal Law of the 5th October, 1877, and other Ottoman laws and Palestine Ordinances.

2. The functions, powers and duties of municipal councils are now derived from and imposed by the Municipal Corporations Ordinance, 934.

3. The Ordinance provides that the municipalities existing at the time of its enactment and the township of Tel Aviv shall become municipal corporations and the High Commissioner is given power after consulting the views of the public concerned to establish more municipal corporations or to abolish municipal corporations and likewise to vary the area of any municipal corporation established under the Ordinance.

4. The Ordinance provides that the affairs of municipal corporations shall be managed by councils elected by direct election. The qualifications of voters are as follows :—

- (a) Males of Palestinian citizenship (not applicable in the case of Tel Aviv and Petah Tiqva where females and non-Palestinians may also vote.)
- (b) Not less than 25 years of age (in the case of Tel Aviv not less than 21 years of age).
- (c) Not under disability.
- (d) Not to have been sentenced to a term of imprisonment of one year or upwards.
- (e) A payment within twelve months preceding the date of the preparation of the register of voters of tax to an annual amount of at least 500 mils on immovable property owned within the municipal area ; or payment of municipal rates to an amount of at least £P. 1 ; or separate occupation of premises within the municipal area on which rates to that amount have been paid within the preceding twelve months. (In the case of Tel Aviv and Petah Tiqva, ownership of immovable property in the municipal area, or residence in such area for twelve months preceding the date of the preparation of the register of voters or payment within twelve months preceding such date of municipal rates and/or taxes to an amount of at least 500 mils).

In Tel Aviv and Petah Tiqva a woman is entitled to be enrolled in the register of voters if she is the wife of a person who is entitled to be so enrolled in respect of premises in which they reside together. Further, in Petah Tiqva a child of the age of not less than 21 years is also entitled to be similarly enrolled if he or she is the child of a person who is entitled to be enrolled in respect of premises in which they reside together.

Community rolls have been abolished. The High Commissioner is, however, given power, on the representation of a council, to change the qualifications of voters.

5. The High Commissioner is given power at his discretion when it appears to him necessary in the interests of good government to nominate not more than two councillors to each of the municipal corporations of Jerusalem and Haifa.

6. The qualifications for councillors are as follows :—

- (a) Eligibility to be enrolled as voter in the register of voters.
- (b) A place of residence within the municipal area.
- (c) Not less than 30 years of age (in the case of Tel Aviv and Petah Tiqva not less than 25 years of age).
- (d) A payment within twelve months preceding the date of his nomination of taxes of at least £P. 1 on immovable property owned within the municipal area, or of municipal rates to an amount of at least £P. 2, or separate occupation of premises within the municipal area on which municipal rates to an amount of at least £P. 2 have been paid within the preceding twelve months (in the case of Tel Aviv and Petah Tiqva, a payment of municipal rates to an amount of £P. 1 during the twelve months preceding the date of appointment of the electoral committee).
- (e) Not being an undischarged bankrupt.
- (f) Not to have an interest directly or indirectly in any contract with, by or on behalf of the municipal corporation.
- (g) Not being a paid officer of the Government or municipal corporation or other local authority.

The High Commissioner is given power, on the recommendation of a council, to alter any of the qualifications appearing in paragraphs (a) to (d) inclusive for members of that council.

7. The Ordinance provides that councillors shall ordinarily be elected for the whole of the municipal area but the High Commissioner is given power when it appears to him desirable to divide a municipal area into divisions for the purpose of elections.

8. The Mayor and Deputy-Mayor are appointed by the High Commissioner from among the councillors and councils are given power to set up committees to deal with various matters, upon which committees the District Commissioner may appoint an officer of the Government of Palestine as an advisory member.

9. If for any reason a council expires before the due date or ceases to perform its functions, the High Commissioner may either order a general election to be held or nominate a council or nominate a commission to perform the duties of the council.

10. The Ordinance provides for the establishment of urban committees within any district included within a municipal area, if the inhabitants of such district so desire. Such committees will have power to approve additional expenditure, the funds for which will be provided by additions to the rates payable by persons residing within the area concerned.

11. The Ordinance provides that the accounts of all municipal corporations shall be audited by an auditor to be appointed by the High Commissioner and that estimates shall be approved by the High Commissioner.

12. The Ordinance provides for the establishment of a permanent staff of municipal officers and councils, with the approval of the High Commissioner, are given power to make regulations governing the conditions of service of such officials and the grant to them of pensions and gratuities.

13. Provision is made with regard to contracts to be entered into by councils, and for contracts involving expenditure of more than a certain amount, councils must call for tenders.

14. The Ordinance empowers municipal councils, subject to the approval of the High Commissioner, to raise loans secured on the properties and revenue of the councils.

15. The duties and powers of councils are set out in the Ordinance in detail and they are given adequate powers to make, with the approval of the High Commissioner, bye-laws to enable them to carry out those powers and duties.

16. The Ordinance provides for the imposition of rates, the municipal property rate being payable by the owner of property and other rates being payable by the occupier of property. Special provisions have been incorporated to deal with persons occupying one or two rooms who are generally spoken of as "lodgers" who are made liable to pay to the occupier of the house in which they live a proportion of the rates paid by such occupier.

17. Provisions are included for the preparation of assessment lists and for appeals therefrom and for the collection of rates which are in arrear.

18. The Municipal Courts Ordinance, empowers the High Commissioner to appoint fit persons of education and standing to be magistrates of a town. He may, on the recommendation of the Chief Justice, appoint as chairman of a municipal court a stipendiary magistrate. Cases within the jurisdiction of the court are tried by a bench consisting of not less than two members but the stipendiary magistrate may try any case sitting alone. The jurisdiction of these courts extends to any offences against municipal regulations and bye-laws or any offences committed in a municipal area which are specified in chapter III articles 254 to 265 inclusive of the Ottoman Penal Code (which has been replaced by the Criminal Code Ordinance, 1936), or in the following Ordinances :

- (a) The Public Health Ordinance ;
- (b) The Road Transport Ordinance ;
- (c) The Town Planning Ordinance ;
- (d) The Sale of Intoxicating Liquor Ordinance, 1935 ;
- (e) The Public Entertainments Ordinance, 1935 ;
- (f) The Trades and Industries (Regulation) Ordinance.

The court is entitled to pass a sentence not exceeding a fine of £P. 5 or imprisonment for fifteen days or both these penalties.

Appeal from conviction by a municipal court lies to the district court as of right where the sentence is one of imprisonment, and by leave of the president of a district court where a fine has been imposed.

19. The revenues of municipal corporations are drawn from the following sources :—

- (a) Municipal property rate varying to a maximum of 10% to be levied upon the owners of property ;
- (b) A general rate varying to a maximum of 15% to be levied upon the occupiers of property ;
- (c) An education rate varying to a maximum of 7½% to be levied upon the occupiers of property ;
- (d) A sewage rate to be levied upon the occupiers of property ;
- (e) Fees for licensing of stalls, booths and street traders, dogs, establishments selling intoxicating liquor, public entertainments, trades and industries, signboards ;
- (f) Fees for building permits, slaughtering of animals, advertisements and for specific services ;
- (g) Rents of municipal property ;
- (h) Contributions for the installation of drainage and for the construction of pavements ;
- (i) Auction dues ;
- (j) Grants-in-aid from Government.

## LOCAL COUNCILS

The Local Councils Ordinance empowers the High Commissioner on the recommendation of a District Commissioner by an order published in the Palestine Gazette to declare that any large village, area, quarter of a town having a distinctive character, or group of villages shall be administered by a local council.

The order may prescribe the composition and functions of the council.

Councils are invested with juristic personality and may, with the approval of the District Commissioner, raise a loan secured on their property and revenues.

Councils can, with the sanction of the District Commissioner levy rates upon the owner or occupier of property in the village, area or quarter and may impose also a poll tax on the inhabitants and certain fees for licences or otherwise as a municipal corporation is authorized for the time being to impose or as may be imposed by a local council under any Ordinance. The rates and fees which may be imposed or charged by any council are set out in the order constituting each council. Under the Trades and Industries (Regulation) Ordinance, a local council is given the same powers as a municipal council with regard to the regulation of trades and industries carried on within its area which affect public health and public order.

Thirty-two local councils have been established in Palestine of which eleven are in the Galilee and Acre District, four in the Haifa and Samaria District, five in the Jerusalem District and twelve in the Southern District.

# SECTION VII

## DEMOGRAPHIC STATISTICS

### POPULATION, HOUSING, VITAL STATISTICS, MIGRATION AND NATURALIZATION

#### POPULATION

Note :—For a full account of the population, its development up to 1931 and its geographical distribution, reference should be made to chapters I and II of volume I of the Census of Palestine 1931.

The population of Palestine, excluding members of His Majesty's Forces, was estimated to be 1,383,305 at the 30th June, 1937, the division into religious communities being as follows:—

Moslems	..	..	..	..	..	..	..	..	..	875,947
Jews	..	..	..	..	..	..	..	..	..	386,074
Christians	..	..	..	..	..	..	..	..	..	109,764
Others	..	..	..	..	..	..	..	..	..	11,520
Total										1,383,305

The classification by religious community has been adhered to in population statistics since the time of the British Occupation. This classification in vital occurrences is socially necessary because the law of personal status in Palestine is the law of the particular religious community to which a person belongs.

It was recognized in the census of 1931 that classification by 'race' or 'nationality' into the broad groups, Arabs, Jews and Others, is a political necessity. Statistics of migration were put on a 'racial' basis in 1935 and in 1938 the classification of vital occurrences will be twofold, namely, by religious confession and by 'race' or 'nationality'. The re-introduction of a classification of migration by religious confession will make it possible to keep population records in future both by religion and by 'race'.

At the time of the 1931 census, persons were asked to state to which of the three groups (Arabs, Jews and Others) they belonged. The following table shows the inter-connexion between the religious communities and 'racial' groups that the census revealed. Nomads are omitted.

Race										Religion				
										All religions	Moslems	Christians	Jews	Others
All races	..	..	..	..	..	..	..	..	..	969,268	693,159	91,398	174,610	10,101
Arabs	..	..	..	..	..	..	..	..	..	772,904	690,420	73,281	87	9,116
Jews	..	..	..	..	..	..	..	..	..	174,809	21	25	174,378	385
Others	..	..	..	..	..	..	..	..	..	21,555	2,718	18,092	145	600

Out of 693,159 Moslems, 690,420 or 99.6 per cent. described themselves as Arabs. The remainder were mainly Egyptians and Turks. Out of 91,398 Christians, 73,281, or 82 per cent. were Arabs. The remainder were principally members of European races and Armenians. The "Others" numbered 10,101 of whom 9,116 described themselves as Arabs, and were in fact mostly Druze by religious confession.

If it be assumed that now, as in 1931, the Arab population is made up of 99.6 per cent. of all settled Moslems, 82 per cent. of all Christians, 90 per cent. of all other non-Jews and the whole nomad Beduin population, the following rough estimate of the population on the 30th June, 1937, classified by 'race', is reached :—

Arabs	..	..	..	..	..	..	..	..	..	973,000
Jews	..	..	..	..	..	..	..	..	..	386,000
Others	..	..	..	..	..	..	..	..	..	24,000
Total										1,383,000

A census of population was taken on the 23rd October, 1922, and again on the November 18th, 1931. In the intervening years statistics of births and deaths and of migration were used to estimate mid-year populations. A discrepancy appeared at the census of 1931 between the expected and the enumerated population, due to incomplete recording of births and deaths and of migration, and possibly to faulty enumeration of suspicious and primitive people. In the case of Jews the discrepancy was about two thousand. The discrepancy has been distributed over the inter-censal years and the adjusted series of estimated populations are as follows :—

#### POPULATION OF PALESTINE

(Excluding members of His Majesty's Forces) at the census of 1922, and as estimated at 30th June in each of the years 1923-1937, by religions.

Year	All religions	Moslems	Jews	Christians	Others
1922 (census)	752,048	589,177	83,790	71,464	7,617
1923	778,989	609,331	89,660	72,090	7,908
1924	804,962	627,660	94,945	74,094	8,263
1925	847,238	641,494	121,725	75,512	8,507
1926	898,362	663,613	147,000	76,467	8,782
1927	917,315	680,725	149,789	77,880	8,921
1928	935,951	695,280	151,656	79,812	9,203
1929	960,043	712,343	156,481	81,776	9,443
1930	992,559	733,149	164,796	84,986	9,628
1931	1,023,734	753,812	172,028	87,870	10,024
1932	1,052,872	771,174	180,793	90,624	10,281
1933	1,104,884	789,980	209,207	95,165	10,532
1934	1,171,158	807,180	253,700	99,532	10,746
1935	1,261,082	826,457	320,358	103,371	10,896
1936	1,336,504	848,340	370,476	106,469	11,219
1937	1,383,305	875,947	386,074	109,764	11,520

There has been unrecorded illegal immigration both of Jews and of Arabs in the period since the census of 1931, but it is clear that, since it cannot be recorded, no estimate of its volume is possible.

The estimated total population has increased in the fifteen years since 1922 by 631,257 persons. The increase is due to immigration and to the excess of births over deaths, the allocation of the total increase between these two factors being estimated to be as follows :—

	All religions	Moslems	Jews	Christians	Others
Total increase of population .. ..	631,257	286,770	302,284	38,300	3,903
Natural increase .. ..	349,932	261,606	56,856	27,891	3,579
Increase by migration .. ..	281,325	25,164	245,428	10,409	324

The precision of these figures is not great, but they indicate that all three main religions have gained by migration, the smallest proportional gain being that of Moslems. It is of interest that the Jewish increase by migration in the fifteen year period was rather less than the Moslem natural increase in the same period, and that the total increase of the Jewish population was only slightly larger than the total increase of the Moslem population.

The figures of increase by migration include about ten thousand persons who were added to Palestine by an alteration of the boundary with Syria in 1923. The Jewish settlements of Tel Hai, Kfar Giladi and Metulla are in this area and had a total population of about 300, the remaining inhabitants of the area being Moslems.

## HOUSING

At the census taken on the 18th November, 1931, the settled population of Palestine was returned as dwelling within 215,825 houses, yielding an average household of 4.5 persons. The definition of house for census purposes was not included in the legislation for the reason that it was desirable to gather experience of the local usage of the word in the vernaculars. The definition adopted was :—

“ House is the dwelling place of a commensal family with its resident dependants such as widows and servants. In exceptional cases it may be the enclosure or residence of one or more families having a separate entrance from the common way.”

The definition satisfied two needs in a country where household differs from town to village and from one community to another. The question has two aspects, the structural and the social. The structural aspect is statistically useless, but, in some villages, gives the only guide for control of enumeration. The social aspect not only facilitates control of the enumeration but is also statistically valuable in giving conceptions of the familial unit. The definition was, on the whole, satisfactory, but its application in certain areas showed a lack of understanding and, in some cases, of ordinary sense. In Tel Aviv and in some villages in Nablus sub-district a single man, having a bedroom in an ordinary house, that is, a lodger, was sometimes returned as forming a separate household. In other cases, in Jewish villages of the communal type, where large hutments accommodate a number of persons constituting, according to traditional European notions, separate households, a few houses were returned as the residences of two score or more persons, no distinction being made as to the separate family arrangements, probably because the people themselves refused to make the distinctions. An examination of the statistics, however, reveals that the errors on one side tend to equilibrate the errors on the other side for areas that are larger than village units, so that the averages for sub-districts and towns may be taken as substantially accurate. The numbers of persons per occupied dwelling (separate) in England and Wales in 1921 was 4.85. A separate dwelling in England is not necessarily a separately constructed discrete building, but is often a house in which structural alterations permit of complete familial privacy. The question of definition in these matters is of the greatest importance, but, generally, there is a rough correspondence between the “occupied dwelling” of England and the “house” of Palestine as defined for the census taken in 1931. The comparison breaks down, however, when the number of rooms is taken into account. The average number of rooms per occupied dwelling in England and Wales in 1921 was 5.14, whereas in Palestine it is considerably smaller. No statistics were taken at the census in regard to this matter, but the number of rooms available for a family, that is, an ordinary domestic household, does not, in all probability, exceed two.

In the towns all types of houses are found. Houses in the villages are constructed of the material found most easily. In the hill country, stone is employed; in the villages of the southern part of the maritime plain, mud bricks are commonly the material of construction.

The estimate of 1937 excludes members of His Majesty's Forces (and their dependants) who were included in the census figures both in 1922 and in 1931. These persons in 1922 numbered 1,713 Moslems, 1,560 Christians, 4 Jews and 1,857 Others; and in 1931 numbered 12 Moslems 2,491 Christians and 4 Jews.

The urban population estimated at the end of 1937 includes the population of Petah Tiqva, 15,000 and therefore represents 24 towns.

The Jerusalem population includes the suburbs of Montefiore, Beth Hakerem, Beit Vegan, Givat Shaul, Meqor Hayim and Talpilot. The estimates for Haifa, Tel Aviv and Jaffa do not include suburbs. The Jewish population of Jaffa is considerably smaller than before the disturbances of 1936. It is estimated that ten thousand Jews, chiefly from the Manshiah quarter, left Jaffa for Tel Aviv or for agricultural settlements during the disturbances. There is a small non-Jewish population in Tel Aviv, and small Bahai population in Haifa. These populations neither of which is as great as five hundred, are included with the Jewish and Moslem populations in Tel Aviv and Haifa respectively.

## VITAL STATISTICS

Records of vital occurrences are compiled for the settled population, statistics being available, classified by religion, from the year 1922. The nomadic population, among which vital occurrences are not recorded, numbered 66,553 at the census of 1931.

A re-calculation of birth and death rates was made in 1936, based upon a revised series of estimates of the population in the years between the census of 1922 and the census of 1931. The following tables give the average number of births, deaths and infant deaths, as well as the average crude birth and death rates and infant mortality rates in the years since 1922, and the actual figures for the individual years 1934, 1935, 1936, and 1937. Details of deaths by ages in the year 1937, and of infant mortality by medical sub-district in 1936 and 1937 are also given.

The very high birth rate of Palestine is established by the preponderance of Moslems, who show the highest birth rate of all religions. The Moslem population advanced by natural increase at an average rate of 18,000 per annum, or about two and half per cent. per annum in the five years 1931-1935. The Jewish birth rate, though considerably lower than the Moslem, was higher for the same quinquennium than that of any European country except Rumania.

A very great disproportion is evident between the Moslem and Jewish death rates, and it has been accentuated by a steady decline in the Jewish death rate in the fifteen years since 1922. While it is undoubted that the difference reflects a greater expectation of life,—particularly in infancy—among Jews than among Moslems, it must be noted that the Jewish population is made up largely of young adult immigrants who are in those years of life when the risk of dying is at its lowest, and the smaller proportion of infants and old people which this immigration has produced is itself a cause of a low crude death rate.

The celebration of marriages in Palestine, together with the granting of divorces, is governed by the law of the religious community to which the parties belong. The Government requires only that every marriage celebrated and every divorce granted be registered by the religious authority and that copies of all such registrations be sent to the office of the District Commissioner. Statistics of marriages and divorces in 1935, 1936 and 1937 are given in another table.

1937	10,536	1,939	889	639

+ No statistics of emigration by race were compiled.  
\*Incomplete.

Emigration statistics by race were not compiled prior to 1922, nor in the years 1932-1934, inclusive. In 1935, 1936 and 1937 the figures of emigrants are those of " residents departing for a period of more than one year ".

PRINCIPAL TABLES OF MIGRATION AND NATURALIZATION, 1937

In these tables the term "registered immigrants" includes persons arriving as immigrants, persons arriving as travellers and registered as immigrants in 1937 and persons exempted from the provisions of the Immigration Ordinance No. 38 of 1933.

Table No.	SUMMARY	Page
I	SUMMARY OF ARRIVALS IN AND DEPARTURES FROM PALESTINE . . . . . This table reveals the inward and outward migration for the year by continents of usual residence and by the 'racial' or 'national' declaration of the migrants. Persons 'in transit' through Palestine are shown separately since, on the whole, the period of residence in Palestine of persons in transit is of little material consequence to the economy of Palestine.	148
II	ANALYSIS OF ARRIVALS . . . . . This table is composed of six sub-tables :— (a) shewing the relationship of passengers, classified by 'racial' or 'national' declaration, to Palestine and the means of transport which those passengers use in entering the country ; (b) the similar distribution of passengers classified by religious confessions ; (c) shewing the various purposes for which persons who are not immigrants enter Palestine, and the mode of transport used in each case ; (d) shewing the aggregate of immigrants classified by 'racial' or 'national' declaration and by the category of immigrants prescribed by the Immigration Ordinance No. 38 of 1933, this aggregate consisting of immigrants actually arriving as such, shewn in sub-table (c), and of travellers in Palestine subsequently registered as immigrants shewn in sub-table (f).	148
III	DEPARTURES BY SEA, LAND AND AIR . . . . . (a) This table is the counterpart of table II (a) and shows the relationship to the country of persons leaving Palestine and the mode of transport they use. The class 'residents departing for a period exceeding one year' is in general international understanding held to be the class of emigrants unless the persons are leaving the territory for a special and temporary purpose, e.g. a university course. (b) is the counterpart of Table II (b) and shows the similar distribution of persons leaving Palestine classified by religious confession.	151
IV	BIRTHPLACE OF IMMIGRANTS ARRIVING AND OF RESIDENTS DEPARTING PERMANENTLY . . . . . This table shows the countries of birth of immigrants and emigrants.	152
V	CITIZENSHIP OF IMMIGRANTS ARRIVING AND OF RESIDENTS DEPARTING PERMANENTLY . . . . . This table shows the citizenship of immigrants and emigrants.	153
VI	(a) COUNTRY OF PREVIOUS ABODE OF IMMIGRANTS ARRIVING . . . . . (b) COUNTRY OF DESTINATION OF RESIDENTS DEPARTING PERMANENTLY . . . . . These tables show (a) the countries of previous residence of immigrants arriving as such, and (b) the countries of destination of emigrants.	154 155
VII	(a) REGISTERED IMMIGRANTS CLASSIFIED BY 'RACIAL' OR 'NATIONAL' DECLARATION AND PREVIOUS OCCUPATIONS . . . . . (b) EMIGRANTS CLASSIFIED BY 'RACIAL' OR 'NATIONAL' DECLARATION AND PREVIOUS OCCUPATIONS . . . . . These tables classify (a) immigrants registered (i.e. persons arriving as immigrants and travellers subsequently registered as immigrants) according to the declaration of occupation at the time of arrival in Palestine ; and (b) emigrants according to their habitual occupation declared at the time of departure from Palestine.	156 156
VIII	BIRTHPLACE, CITIZENSHIP AND COUNTRY OF PREVIOUS RESIDENCE OF TRAVELLERS REGISTERED AS IMMIGRANTS, CLASSIFIED BY 'RACE' OR 'NATIONALITY' . . . . . This table gives information about travellers registered as immigrants during the year, which is similar to that given in tables IV, V and VI for immigrants arriving as such.	157
IX	COUNTRY OF USUAL RESIDENCE OF TEMPORARY VISITORS . . . . . This table shows the countries whence temporary visitors, classified by 'racial' or 'national' declaration, come to Palestine for the several 'non-immigrant' purposes, e.g. holiday, business, etc. which are set out in table II (b).	158
X	AGE, SEX AND CONJUGAL CONDITION OF IMMIGRANTS AND EMIGRANTS . . . . . This table gives (a) the distribution of all registered immigrants classified by 'racial' or 'national' declaration, by age and conjugal condition ; (b) the similar distribution for all emigrants ; and (c) the similar distribution for those emigrants whose birthplace is Palestine.	159
XI	ANALYSIS OF PASSENGER TRAFFIC IN TRANSIT . . . . . (a) arrivals. (b) departures. In a technical sense a person is in transit in Palestine when he holds a visa for entry which is valid for 72 hours' sojourn in the country only, and this table shows the distribution of such persons among countries from which proceeding and countries of destination.	162
XII	CATEGORIES OF JEWS REGISTERED AS IMMIGRANTS DISTRIBUTED BY COUNTRIES OF PREVIOUS ABODE . . . . . This table gives the cross-classification of all Jewish immigrants in the several categories prescribed by law and their countries of past usual residence. It has some bearing on the sources of the capital introduced into Palestine.	164
XIII	BIRTHPLACE, PLACE OF USUAL RESIDENCE AND CITIZENSHIP OF PERSONS REFUSED ADMISSION TO PALESTINE CLASSIFIED BY 'RACE' OR 'NATIONALITY' . . . . . This table shows the countries of origin of persons arriving at the prescribed places of entry into Palestine but refused admission to the country.	165
XIV	COUNTRY OF PREVIOUS ABODE OF PERSONS OF WHOSE ENTRY INTO PALESTINE THERE IS NO RECORD AND OF PERSONS DEPORTED . . . . . This table shows the birthplace of persons of whose arrival in Palestine there is no record and who left the country during the year ; and of persons who were deported.	166
XV	NUMBER OF TRAVELLERS REMAINING ILLEGALLY IN PALESTINE IN EACH MONTH CLASSIFIED BY 'RACE' OR 'NATIONALITY' . . . . . This table shows the actual movement month by month of the population of illegal immigrants who by illegal settlement abused facilities granted to them as travellers. The negative signs in several compartments in the table indicate that the total population of such persons declined at the period corresponding with those compartments. They do not imply that illegal settlement by means of the abuse of facilities granted to travellers ceased.	167
XVI	VOLUME OF TRAFFIC, IN BOTH DIRECTIONS, THROUGH THE PRESCRIBED PLACE OF ENTRY . . . . . This table indicates absolutely and relatively the volume of traffic in both directions through the prescribed places of entry into Palestine.	167
XVII	EXPENDITURE OF TEMPORARY VISITORS IN PALESTINE (February-December, 1937) . . . . . This table shows the number of days and the amount of money spent by temporary visitors to Palestine, classified by 'racial' or 'national' declaration.	168
XVIII	EXPENDITURE OF PALESTINIAN RESIDENTS ABROAD (February-December, 1937) . . . . . This table shows the amount of money spent abroad by residents of Palestine, classified by 'racial' or 'national' declaration.	168
XIX	PREVIOUS NATIONALITY OF PERSONS NATURALIZED . . . . . This table shows the previous nationality and the 'racial' or 'national' declarations of persons naturalized. Columns 1 and 2 indicate the number of persons to whom certificates were delivered. 'Dependants' i.e. persons, wives and children, who acquired the status of Palestinian citizenship by reason of the naturalization of husbands and fathers or mothers are shewn in column 3. Column 4 gives the total of persons who acquired Palestinian citizenship during the year.	169
XX	OCCUPATIONS OF PERSONS NATURALIZED (HEADS OF FAMILIES AND SINGLES) . . . . . This table shows the declared occupations of persons naturalized.	170
XXI	AGE, SEX AND CONJUGAL CONDITION OF TOTAL PERSONS NATURALIZED . . . . . This table gives the distribution by age, sex and conjugal condition of all persons naturalized.	171
XXII	YEARS OF ARRIVAL OF PERSONS NATURALIZED. (HEADS OF FAMILIES AND SINGLES ONLY) . . . . . This table shows the years of arrival in Palestine of persons naturalized during 1937.	171

Table XV—NUMBER OF TRAVELLERS REMAINING ILLEGALLY IN PALESTINE DURING 1937.

Note :—This table shows the actual movement month by month of the population of illegal immigrants who by illegal settlement abused facilities granted to them as travellers. The negative signs in several compartments in the table indicate that the total population of such persons declined at the periods corresponding with those compartments. They do not imply that illegal settlement by means of the abuse of facilities granted to travellers ceased.

22,290 returning residents made no declarations or declarations which were rejected.  
The period of duration of visit abroad by residents is not yet recorded, among the data.

*Note*—In respect of the latter part of this table, it should not be assumed that the expenditures of Palestinian residents abroad are necessarily drawn from Palestinian funds, inasmuch as many such residents have foreign funds at their disposal for defraying their expenditure while abroad.

\*The census figure for this group indicates persons gainfully occupied in a variety of miscellaneous industries and occupations not included under other headings. The migration figures are dominated by the general labourers. These labourers will be, on absorption, distributed over many of the industries classified (under other heads) but clearly only a small proportion will be as associated with the industries covered by this group of the census classification. A comparison of the figures of immigration with those of 1931 census would therefore be misleading. The distribution of the general labourers among the manufacturing and construction industries would raise the percentages given. For instance a number of labourers must have been absorbed into the building industry, a number that might be anything up to three times the immigration figure given for that industry.

† Public officers etc., in the classification of immigrants in 1932 were included under the head of clerical service. The correct allocation would raise the total of the public officers group by (perhaps) as much as one per cent. and lower that of the previous group by perhaps one half per cent.

**EXPORT OF CITRUS FRUIT BY COUNTRY OF DESTINATION DURING THE SEASON 1936/37  
AS COMPARED WITH THE SEASON 1935/36\***  
(in boxes)

NOTE :—The date of the commencement of the export season 1936/1937 for oranges was changed from November 15th to November 20th, 1936. The change was effected in accordance with the revised rules made in 1936 under the Fruit Export Ordinances. Other changes were the prohibition of export of all sizes of oranges below 120 to the box and the option to export in a new type of box.

PART " B "

Eleven sheets of the 1 : 100,000 contoured maps have now been issued by the Survey Department and the geology, much of which has already been done, is being shown on these maps. The sale of these maps, coloured by hand, is being considered. It is hoped that a general geological map of Palestine on a scale of 1 : 250,000 will be published in conjunction with the Hydrological Survey Reports.

The following are the known mineral deposits :—

- (a) DEAD SEA .. .. . Potash, bromine, magnesium chloride : quantities virtually unlimited.
- (b) JEBEL USDUM AREA .. .. . Petroleum : some seepages known.  
Bitumen : known deposits limited.  
Salt : quantity virtually unlimited.  
Gypsum (anhydrite) : quantity large.
- (c) NABI MUSA AREA .. .. . Bituminous limestone : 10 square kilometres.  
Phosphate ; 100 square kilometres.
- (d) YARMUK AREA . . . . . Bituminous limestone : quantity not determined.
- (e) MENAHEMIYA .. .. . Gypsum : deposits in faulted strata, quantity unknown.
- (f) GAZA .. .. . Sulphur : one square kilometre.  
Petroleum : several structures located but not tested.
- (g) AKABA . . . . . Manganese : deposits large but quantity not determined.  
Copper : occurs as a cupriferous sandstone, as veins of malachite and cuprite in sandstone and also in veins in igneous rocks in association with barytes and Fluor-spar.

Note.—Exploration for oil has not yet been carried far enough to show whether workable quantities exist.

### METEOROLOGICAL OBSERVATIONS

#### CLIMATE OF PALESTINE

The climate of Palestine is affected by the deserts of Arabia and Nubia to the East and South; by temperate breezes on the west which bring rain from the south west; and by the somewhat cooler conditions which obtain in the mountains of the Lebanon to the north. It is also varied by the diverse topographical conditions. To the south there are wide expanses of desert and sand dunes. The rest of the country falls rationally into three longitudinal zones—the maritime plain, which is comparatively warm in winter and humid in summer; the hill areas of the central plateau which are cold in winter and have a drier atmosphere; and the Jordan valley, which has a high air pressure and is warm in winter and oppressively hot during summer. During certain periods the east wind, known as the "Khamisin" blows for several days at a time and has a decidedly desiccating effect. Snowfall occurs occasionally in the higher parts of the hill areas. Frost is rare and is not usually a serious factor though cases of damage to horticultural and vegetable crops sometimes occur. Dew fall is heavy during the summer months. Cloud-bursts, which sometimes occur cause a good deal of soil erosion and damage to crops, orchards, and communications.

Rainfall is of vital importance and any reduction in the annual fall arouses concern for the prospects of agriculture and water conservation generally. The rainfalls in winter and the summer months are entirely cloudless and without rain. The first rains which begin in September and continue through October and November are not generally heavy but are sufficient for ploughing and seeding of winter crops. The principal rains fall during December, January and February. The late rains which fall in March and usually end in April are of importance to the full development of the winter crops and greatly affect the amount of land sown with summer crops which reach maturity after the rainy season has ceased.

## IMPORTS

The total value of imports for home consumption in 1937 was £P. 15,903,666, an increase of £P. 1,924,643, as compared with the preceding year. Increased values of imports, shown for almost every commodity, can be accounted for by the replenishing of traders' stocks which had been depleted as a result of decreased purchasing during the disturbances of 1936; by appreciated commodity prices: by accumulation of stocks in anticipation of further price rises and partly by distribution during 1937, according to commodities, of imports by Government, N.A.A.F.I., Iraq Petroleum Company and other institutions entitled to exemption.

There were increases amounting in each case to more than £P. 100,000 in the imports of wheat, wood for building, seeds, beans and nuts for expressing oil, iron and cast iron pipes and fittings, electrical goods, industrial machinery, prepared wood for citrus cases, cotton piece goods, apparel all sorts, motor cars and trucks, and paper for printing and packing. Other articles showing great increases are coal, (£P. 86,000), fuel oil (£P. 80,000), iron bars, angles, rods and girders (£P. 95,000), iron sheets, black and galvanized (£P. 70,000), cotton, silk and woollen yarns (£P. 77,000), woollen tissues (£P. 86,000) and silk tissues (£P. 92,000).

There were decreased imports of barley because of the heavy local crops, and of poultry and fresh fruits, indicative respectively of the development of the poultry industry and of horticulture.

The two following tables relating to the imports into Palestine are given hereunder:—

# EXPORTS

The value of exports of Palestine produce amounted to £P. 5,819,779 in 1937, an increase of £P. 2,194,546 over the preceding year, primarily due to increased exports of citrus fruit, which amounted to £P. 4,329,703 in 1937, as compared with £P. 2,853,946 in 1936, an increase of £P. 1,475,757.

Large exports of local produce as a result of the good crops and increased exports of locally manufactured articles accounted for an increase in 1937 of approximately £P. 600,000 over 1936. The principal commodities showing increases were barley, maize, sesame seed, rice, cake and meal for feeding animals, olive and other edible oils, hides and skins, confectionery, cotton yarn and thread, potash, and soap. In 1937, exports of metal scrap amounted to £P. 95,349, an increase of £P. 85,961 over 1936.

There were slightly decreased exports of melons and water melons, fresh vegetables, wines, and wearing apparel other than socks and stockings.

The following tables relating to exports from Palestine are given hereunder :-

- Exports by countries.
- Exports of locally manufactured articles.
- Principal exports, other than manufactured articles.
- Exports of oranges and grapefruit.

## COMMERCE AND INDUSTRY

New undertakings were established during 1937 for the manufacture of celluloid toys, margarine, buttons, varnishes, citrus by-products, aluminium ware and flour.

207 new companies were registered, with an authorised capital of £P. 968,794 and 44 companies increased their authorised share capital from £P. 4,338,550 to £P. 7,200,350, while 4 reduced their capital from £P. 81,089 to £P. 73,054. The net total new capital during 1937 was £P. 3,822,559.

There was an expansion in the export trade resulting in increased production of rice, cotton yarn and thread, chocolate and confectionery, medicinal preparations, and iron wire netting. This was, however, offset by the decrease in the local trade ; and on the whole, the economic and industrial development of Palestine received a set-back during 1937

During the year, the Palestine shipping service between Haifa and Trieste was suspended, and an Air Service was inaugurated.

The following table shows the increased imports of yarn in 1937, as compared with 1936 :—

There was a considerable increase in the imports of raw materials used for the extraction of oil, as shown in the following comparative table for the years 1936 and 1937 :—

**BALANCE OF COMMODITY TRADE —**

The "adverse" balance of the visible commodity trade of Palestine in 1937 at £P. 9,447,795 was slightly lower than in 1936 when it was £P. 9,711,497, the reduction being £P. 263,702. (The balance of commodity trade is obtained by adding together the exports of Palestinian products and the re-exports of commodities previously imported for home consumption, and then deducting their sum from the imports.) The figures are as follows :—

**TOURIST TRADE —**

The number of travellers entering Palestine, which had steadily increased between 1931 and 1935, fell off in 1936 to approximately the 1931 level. In 1937, however, there was a large increase, the numbers being greater than in any other recorded year except 1935.

The following table shows the number of travellers entering Palestine each year since 1931.

Year	Number of travellers
1931	54,764
1932	63,253
1933	79,833
1934	91,823
1935	106,823
1936	56,665
1937	99,268

**REGISTERED COMPANIES —**

In 1937, 207 local companies were registered with an authorized capital of £P. 968,794 as compared with 167 local companies with a total capital of £P. 1,046,464 registered during 1936. In addition, 15 foreign companies were registered in 1937, as compared with 16 in 1936.

Among the newly registered companies there were 31 with an authorized capital of £P. 10,000 and over, representing about 64% of the total invested capital. The following table shows the number and the authorized capital of these companies.

The 1937 registration included 29 companies for the purchase and sale of land and its development, 15 companies for transport, 10 educational institutions, 6 investment companies, 2 match factories and 6 film producing companies. All others were trading contracting concerns.

44 companies increased their share capital from £P. 4,338,550 to £P. 7,200,350 during the year under review, while in 1936, 51 companies increased their share capital from £P. 1,068,111, to £P. 1,900,383.

The following represent the largest capital increases during 1937 —

# PROTESTED BILLS —

The number of bills going to protest in the courts is a valuable indication of the current trend of business in Palestine. The following table, showing the number of bills protested in each month of the last three years in four chief towns of Palestine (viz., Jerusalem, Jaffa, Tel Aviv and Haifa) shows the effect of the disturbed international situation in the latter part of 1935, and of the local troubles in 1936. In 1937, however, there was considerable improvement in the early part of the year, offset by depressed conditions in the latter months.

# BANKRUPTCIES —

Seven Winding-Up-Orders were issued in 1937, and according to the Statements of Affairs submitted by the debtors, their aggregate estimated assets were £P. 93,520 and their aggregate Liabilities (including those to preferential creditors) were £P. 187,526. 57 Receiving Orders were issued in 1937 involving £P. 104,273 of liabilities and £P. 40,638 of assets.

# BUILDING ACTIVITY —

The floor area of new buildings authorized in the four principal towns in Palestine and the approximate money invested in the 1931 to 1937, is given in the following table :—

\*Figures for Jerusalem and Jaffa are converted from the cubic metres in which they were originally given, by dividing by 3.5 metres, taken as the average height of rooms.

The total for 1937 of 577,384 square metres represents a reduction of about 22.5% as compared with 745,053 square metres for the year 1936.

The following table shows the imports of building materials during the years 1925 to 1937 :—

\*The " year of crop " is the year in which the tobacco is planted. Thus the crop of 1936 represents tobacco planted in 1936 and registered in 1937.

†The cultivation of heisheh is permitted in the Beersheba district only and is uncontrolled. Crops of heisheh are therefore not registered.

No records of plantation were taken for the year 1925 as plantation for that year had commenced before the promulgation of the Tobacco Ordinance in May 1925. The total crop, including tobacco, tombac and heisheh for 1925, was 678,179 kilos.

Prices obtained by growers for their 1936 crop were not quite so favourable as prices fetched for the previous crop. The total imports of unmanufactured and manufactured tobacco during the last five years were as follows :—

\*The quantity of arak produced represents that quantity of spirits resulting from first distillation. In 1937, 174,641 litres of alcohol of fruits (included on first distillation as "Other spirits") and 13,507 litres of alcohol of grapes (included on first distillation as "Cognac") were re-distilled into arak, producing 186,065 litres.

**METHYLATED SPIRITS —**

The number of licences to methylate spirits and quantities of methylated spirits produced since 1932, in which year the Methylated Spirits Ordinance was promulgated, are as follows :—

	1932	1933	1934	1935	1936	1937

Methylated spirits delivered — Kilos	211,675	342,156	493,712	593,307	604,398	532,032

The importation into Palestine of methylated spirits other than mineralized methylated spirits is prohibited.

**SALT —**

The sale of salt was a monopoly of the Palestine Government until November 1927, at which date it was abandoned and an excise duty of 1.5 mils per kilogramme was imposed on salt collected or manufactured in Palestine.

Rock salt is obtained by quarrying at Jebel Usdum at the south end of the Dead Sea, and other salt is obtained by evaporation at Athlit and at the Dead Sea.

**ELECTRIC POWER —**

The chief producers of electricity are the Palestine Electric Corporation Ltd., and the Jerusalem Electric and Public Service Corporation Ltd. The total sales of the former in 1937 were 71,265,889 kilowatt hours as compared with 65,495,957 kilowatt hours in 1936, an increase of 5,769,932 kilowatt hours or 8.8%. Their sales for industrial purposes increased by 8.6%, and those for irrigation increased by 5%. The total sales of the Jerusalem Electric and Public Service Corporation in 1937 were 5,732,594 kilowatt hours as compared with 4,522,041 kilowatt hours in 1936, an increase of 12.7%.

The value of the imports represents the cost, insurance and freight as shown on the invoice and specification lists presented by merchants at the time of clearance and as subsequently checked by customs officials. Where no invoices are available the valuation of imports is carried out by customs officials.

The value of the exports represents the cost and the charges of delivering the goods on board the export ship or waggon, as declared by the exporters or as assessed by the customs officials if either the value declared or the invoice presented is considered to be incorrect.

Questions	Haifa port	Acre port	Gaza port †
1. At bar or entrance, what is :— (i) the minimum width? (ii) the minimum navigable depth, L.W.O.S.T.?	Open roadstead. No bar or entrance for large vessels. Lighters and boats enter through passages at the northern end of the newly constructed breakwater of the Jaffa small craft harbour. Lighters and boats accost the jetty or enter through the breakwater arms under construction into the lighter harbour at Tel Aviv.	Anchorage for small vessels within reef. (i) 150 feet (ii) Approx. 3 fathoms	Open roadstead. No bar on entrance.
<b>Note</b> —If between the entrance and the deep sea there are bars or shoals where a lesser depth occurs than the minimum indicated above, a list of such obstructions and of the depths over them (L.W.O.S.T.) should be given.			
2. In the approach channel from bar or entrance to berthing accommodation what is :— (i) the minimum and maximum width? (ii) the minimum and maximum depth, L.W.O.S.T.?	Approach to anchorage from open sea.	No approach channel. Inside reef 2 to $\frac{1}{2}$ fathoms.	Approach from open sea.
3. What is :— (i) the rise and fall of tides : (a) ordinary springs? (b) ordinary neaps? (ii) the rise of ordinary neaps above L.W.O.S.T.?	(a) 9" (b) 9"	See Haifa.	No observations available, probably : (i) $1\frac{1}{2}$ feet. (b) 8 to 11 inches (ii) 1 foot.
4. What is the maximum available depth of water :— (a) at piers or wharves, L.W.O.S.T.? (b) in the case of enclosed docks in the entrance locks, if any, and at dock quays, H.W.O.N.T.?	Quays for lighters and small craft only, now dredged to uniform depth of 2 metres at Jaffa, dredging to the same depth is now in progress at Tel Aviv.	Only small jetty 50 feet long. Depth at end 2 feet 6 inches. No enclosed docks.	No piers, wharves or docks.
5. What are the respective lengths of piers, wharves, or (in the case of enclosed docks) dock quays, where the maximum depth of water, referred to in question 4, exists? What percentage does the total of these lengths bear to the total accommodation at the port?	630 metres run of quays at Jaffa. 190 metres run of quays at Tel Aviv. Tel Aviv jetty 108 m. in length	See question 4 above.	—
6. What are the dimensions (length, loaded draught, and beam at that draught) of the largest vessels which under existing circumstances, can be :— (a) berthed alongside any pier or wharf (L.W.O.S.T.)? (b) in the case of enclosed docks : (i) admitted direct to? (ii) admitted through the entrance lock of any important dock or docks, H.W.O.N.T.?	Maximum size at Jaffa L. 40 feet by B. 15 feet, girth 25 feet. Unrestricted size at Tel Aviv	None.	—
7. What are the dimensions (length, breadth and depth over sill, H.W.O.N.T. of the largest dry dock or floating dock in the port?	—	None.	—
8. Are operations in progress to increase the depth of water :— (a) at the entrance and in the approach channel? (b) in the case of enclosed docks, at the entrance lock, if any, of any important dock or docks? (c) at the principal berths, to 40 feet, at L.W.O.S.T. (in case of the berths at enclosed docks, H.W.O.N.T.) and is accommodation being provided for vessels, 1,000 feet in length and of 100 feet beam? If not, to what extent is deepening being effected and for vessels of what dimensions (length, draught, and beam at that draught) is accommodation being provided or in contemplation?	(b) No dredging to increase depths given above in progress.	No.  No deepening taking place or contemplated.	—

\*Vessels anchor in the open roadstead immediately west of the breakwater at Jaffa or the jetty at Tel Aviv. Cargo is discharged into lighters which in turn discharge at quays at Jaffa or Tel Aviv, inside the respective small craft harbour or lighter harbour.

†Vessels anchor in open roadsteads. This landing place affords no protection even to small craft which are beached for safety during winter; large vessels rarely call at Gaza.

INSURANCE OF LETTERS

Letters may be insured at any post office for any place in Palestine or abroad which is admitted to the insured service. The maximum amount for which a letter may be insured in the inland service is £P. 120 but in the case of letters for abroad the insured value varies according to the country of destination. A letter may not be insured for an amount exceeding the real value of the contents and the cost of packing.

The letters to which the insurance system is applicable are those which contain valuable paper (bank notes, currency notes, bonds, coupons, securities, etc.) or valuable documents (plans, estimates, contracts etc.). Post-cards, packets of printed papers or commercial papers, sample packets or letters which contain articles other than those mentioned above cannot be insured. An object of value which cannot be sent in an insured letter may be sent generally either in an insured box (foreign service only) or an insured parcel.

A letter for insurance must be presented at the counter of a post office. It must not be dropped into a letter box or handed to a postman.

Every letter tendered for insurance must be enclosed in a strong cover made up in one piece, which must be securely fastened by means of identical seals in fine wax, with spaces between, reproducing a private mark, and affixed in sufficient number to hold down all the folds of the envelope. An envelope with a black or coloured border or a transparent panel must not be used. The make-up of every letter must be such that its contents cannot be got at without external and visible damage to the envelope or its seals.

Space must be left between the postage stamps used for prepayment, and between the postal labels, if any, so that they cannot serve to hide injuries to the envelope. They must not be folded over the two sides of the envelope so as to cover an edge. No labels, except those of the postal service, may be affixed. If the packet is tied round with string or tape, a seal must be placed on the ends where they are tied.

In the case of an envelope with a seam down the middle, the seam should be secured with seals placed not more than 8 centimetres apart.

A letter which, although addressed to a country or place to which the insurance system does not extend, has been irregularly insured, will be returned to the sender.

INSURED BOX SERVICE

(FOREIGN ONLY)

Articles of gold and silver, precious stones, jewellery and other articles of a like nature which are prohibited from transmission in insured letters, may generally be sent in the letter mails as insured boxes.

An insured box must not exceed 1 kilogramme in weight or measure more than 30 centimetres in breadth and 10 centimetres in depth. The sides of the wooden box must be at least 8 millimetres thick.

The box must be tied round cross-wise with a single strong string (not two or more pieces joined together), the two ends of the string being held firmly together under a seal of fine wax bearing a private mark. All seals on the four sides of the packet must be identical with that used for sealing the ends of the string.

The boxes must not be wrapped in paper.

Insured boxes are subject to the customs regulations and must be accompanied by the appropriate forms, which should be most carefully prepared.

No box can be insured for more than its actual value or the limit of insurance allowed.

Postage and insurance fee must be fully prepaid.

The rate of postage is 8 mils per 50 grammes with a minimum charge of 40 mils. The fee for insurance and the limits of insurance are the same as for insured letters to places abroad.

An advice of delivery of an insured box may be obtained on payment of a fee of 13 mils either at the time of posting or subsequently.

SMALL PACKETS

The small packet service is intended to afford facilities for the transmission of small articles of merchandise in the letter mails to certain foreign countries.

The rate of postage is 9 mils per 50 grammes, with a minimum charge of 30 mils. The postage must be fully prepaid.

The maximum dimensions are 45 centimetres in length, 20 centimetres in breadth and 10 centimetres in depth or, if in the form of a roll, 45 centimetres in length and 15 centimetres in diameter.

The limit of weight is 1 kilogramme. Dutiable articles may be enclosed in small packets but, otherwise the prohibitions applicable to the letter post apply also to the service of small packets. In addition, the following are specially excluded from transmission in small packets :—

Letters, notes or documents having the character of actual and personal correspondence (this prohibition does not apply to open invoices reduced to the simplest form, the address of the article, and the sender's address); coin; bank notes; currency notes; negotiable instruments payable to bearer; platinum, gold or silver, manufactured or not; precious stones; jewels and other valuable articles; postage stamps, whether obliterated or not.

Small packets containing dutiable articles are subject to the customs regulations in the country of destination; and a postal fee for customs clearance may be charged on each packet on which customs duty is levied. The fee for the clearance of such packets entering Palestine is fixed at 20 mils.

Small packets are subject to the regulations laid down for samples of merchandise as regards form, make-up and packing (e.g. they must be sent in such a manner as to be easy of examination). In addition, the name and address of the sender must be shown on the outside of the packet; and each packet should be conspicuously marked "Small Packet" in the left-hand top corner.

A green label, giving particulars of the contents for customs purposes, must be affixed to each packet. In addition, if the country of destination so requires, one or more ordinary customs declaration forms must be enclosed in or attached to the packet.

Small packets may be posted in a posting box or handed over the counter. They may be registered, but not insured.

## CASH-ON-DELIVERY SERVICE

### INLAND

An inland "Cash-on-delivery" parcel and packet service is in operation. Cash-on-delivery parcels and packets may be posted at any post office in Palestine for delivery at any post office in Palestine.

#### FEES PAYABLE

On every inland cash-on-delivery parcel or packet a special cash-on-delivery fee is charged in addition to the ordinary postage and registration or insurance fee where applicable. The amount of the cash-on-delivery fee varies according to the amount of the trade charge, as follows :—

Trade charge not exceeding		Fee

30	.000	..	..	..	..	..	..	..	..	..	90
40	.000	..	..	..	..	..	..	..	..	..	100

### FOREIGN

A "Cash-on-delivery" parcel service with the United Kingdom and Egypt is in operation. Cash-on-delivery parcels may be posted at all post offices in Palestine.

#### FEES PAYABLE

The sender must prepay, by means of postage stamps affixed to the despatch note, a special cash-on-delivery fee at the rate of 1 per cent. of the amount of the trade charge with a minimum of 10 mils, plus a fixed "posting fee" of 10 mils per parcel. These fees are additional to the ordinary postage and other charges.

The maximum trade charge per parcel is £P. 40.

A delivery fee of 15 mils is collected from the addressee of a "Cash-on-delivery" parcel in addition to the amount of the trade charge.

## PARCEL POST

### CUSTOMS DECLARATION

One or more customs declarations must accompany every outgoing foreign parcel. The number of copies varies according to the country of destination.

#### PAYMENT OF CUSTOMS CHARGES UNDERTAKEN BY SENDER

The sender of a parcel addressed to Switzerland and the United Kingdom of Great Britain and Northern Ireland, who desires to arrange for the delivery of a parcel to the addressee free of Customs and other charges may enter into an undertaking to pay the Postmaster General the amount of those charges when he is called upon to do so after the Post Office of Palestine has been notified of the amount actually levied by the authorities in the country of destination. A deposit on account must be paid by the sender at the time of posting but it must be understood that the deposit may be insufficient to cover the charges which are in some cases very high.

A parcel intended to be sent under this arrangement must be handed in at a Head Post Office, Branch Post Office or Sub-Post Office. They may not be accepted at Postal Agencies. The sender must pay a fee of 50 mils and sign a form of undertaking (P.T. 225) to pay on demand the amount by which the charges raised abroad may exceed the amount of the deposit. The sender must be able to furnish a permanent address in Palestine. An undertaking cannot be accepted from a person who is unable to give a settled address in Palestine. One form of undertaking will suffice for two or three (but not more) parcels posted (together by the same sender to the same addressee in which case, while the special fee of 50 mils must be paid in respect of each parcel, the amount of the deposit will be calculated on the combined value of the parcels.

The deposits required are as shown in the following table :—

Country of destination of parcel	Deposit for every 200 mils or fraction of 200 mils of declared value		Minimum deposit	
	£P.	Mils	£P.	Mils
Switzerland .. .. .	—	100	—	200
United Kingdom of Great Britain and Northern Ireland .. .. .	—	100	—	200

The Postmaster General cannot undertake to make any enquiry respecting the rate or basis of any charges levied in the country of destination on a parcel forwarded under this arrangement.

### UNDELIVERED PARCELS

Undelivered parcels are disposed of according to the sender's instructions, which should be furnished on the reverse side of the despatch note and on the cover of the parcel. When such instructions are not furnished, the parcel is returned to origin at the expiration of one month from the date of receipt in Palestine.

### MAKE-UP

Parcels addressed to foreign countries should generally be packed in tin, canvas, linen or similar material, with due regard to the length of journey, conditions of transit, climate, etc.—not merely in paper or cardboard—and in a manner calculated adequately to protect the contents from damage through contact with other parcels.

### INSURANCE (INLAND & FOREIGN)

Parcels may be insured for delivery at any post office in Palestine, or to any country which undertakes such service.

The maximum amount for which a parcel can be insured varies according to the country of destination, but in no case may it exceed £P. 120. A parcel may not be insured for an amount exceeding the real value of the contents and the cost of packing.

Insured parcels must be very strongly packed and sealed in accordance with the regulations. The fee for insurance, including registration but in addition to the ordinary postage, is 20 mils for the first £P. 12 or part thereof of the insured value and 7 mils for each additional £P. 12 or part thereof. Every insured parcel containing coin or bullion, watches, precious stones, jewellery, or any article of gold or silver, must be enclosed in a strong box or case (measuring, if the contents are jewellery exceeding £P. 100 in value, at least 105 centimetres in length and girth combined), must be sewn up, or otherwise fastened, in a wrapper of linen, canvas, strong paper, or other substantial material and must have the address written on its actual covering. The seals must be placed along the edges of each join or loose flap at distances of not more than 8 centimetres apart. Parcels may not exceed 10 kilogrammes in weight. For many countries the maximum weight allowed is 5 kilogrammes. The maximum length allowed is 105 centimetres, and the maximum length and girth combined, 180 centimetres. An advice of delivery of an insured parcel may be obtained, either at the time of posting or subsequently, on payment of the sum of 10 mils in the case of an inland parcel and 13 mils in the case of a foreign parcel.

## MONEY ORDERS

### Ordinary

### INLAND

Ordinary inland money orders are issued for any amount exceeding £P. 1 and not exceeding £P. 40 at the following rates of commission :—

Ordinary inland money orders are not issued for sums of £P. 1 or less. Facilities are afforded by the Palestine postal order service for the remittance of small amounts.

An advice of payment may be obtained on payment of a fee of 10 mils.

Inland telegraph money orders are issued at the foregoing rates of commission, plus the cost of the telegram of advice and a supplementary fee of 10 mils for each order. There is no restriction as regards minimum, but the maximum for each order is £P. 40.

### Ordinary :

### FOREIGN

Foreign money orders for most countries are issued up to an amount not exceeding £P. 40 per single order (except for the United States of America, for which the maximum amount is \$ 200). There is no restriction as regards minimum. Ordinary money orders for payment in Egypt and Trans-Jordan are not issued for sums of £P. 1 or less ; facilities are afforded by the Palestine postal order service for the remittance of small amounts.

The rate of commission is as follows :—

Amount of order	Commission mils
Not exceeding £P. 2 .. .. .	25
Exceeding £P. 2 and not exceeding £P. 3 .. .. .	30
and thereafter an additional 10 mils for every pound or fraction of a pound	

In the case of certain countries a varying percentage is deducted from the amount of the order before payment.

An advice of payment for money orders payable in most countries may be obtained on payment of a fee of 13 mils.

### Telegraph :

Foreign telegraph money orders are only issued for payment in Egypt, United Kingdom, Irish Free State and Trans-Jordan. The charges are the same as for ordinary foreign money orders plus the cost of the telegram of advice and a supplementary fee of 25 mils for each order.

No single foreign telegraph money order may be issued for an amount exceeding £P. 40.

An advice of payment may be obtained on payment of a fee of 13 mils, or the cost of two extra words if it is desired to include the instruction in the telegram of advice.

## AIR MAIL SERVICES

### LETTER AIR MAILS

Any kind of letter packet may be sent by air mail, that is letters, post cards, small packets, printed papers and commercial papers, and samples. The limits of size and weight are the same as for similar correspondence sent by ordinary post. Air mail letters can be accepted for registration but not for insurance. The ordinary arrangements for express delivery and the use of the green label system apply.

A special blue air mail label should be affixed to the top left-hand corner of every air mail packet. These labels may be obtained free of charge at any post office or postal agency. Letters bearing a manuscript indication "By Air Mail" will be accepted, but no responsibility can be accepted for any delay they may incur. In certain cases the name of the route must be stated.

Stamps to the full value of the ordinary postage and the appropriate air mail fee or the combined postage and air fee, must be affixed at the top right-hand corner of the address side of the envelope.

Air mail fees are subject to alteration and adjustment from time to time. Any such changes are announced beforehand by public notice.

Particulars of the services, showing the countries served, fees payable, etc., are given in the air mail notice exhibited at all post offices and postal agencies. Copies may be had on application.

## OVERLAND DESERT MAIL TO IRAQ

There is a bi-weekly overland desert mail service with Iraq and Persia on Monday *via* Haifa and Mafrak and on Thursday *via* Jerusalem and Amman.

## CHARGES FOR CALL OFFICE CALLS

The charge for the use of a call office, including communication with any local subscriber, is 10 mils for each 3 minutes or less during the day and for each 6 minutes or less at night (6 p.m. to 7 a.m.).

Trunk calls may be made from all call offices. The charge for use of the trunk, is payable in addition to the call office fee except when the trunk charge is less than 10 mils.

The charge is payable at the time of booking the call.

## TRUNK LINES

The telephone trunk lines which connect the various telephone exchanges throughout Palestine can be used by callers from all public call boxes, as well as by subscribers connected with telephone exchanges.

The unit period of conversation is 3 minutes (6 minutes between 6 p.m. and 7 a.m.) from the time when the caller or subscriber has been informed that the connexion is completed; but any caller, by prepaying a double fee in advance, may secure, on demand at the end of the first period, the option of extending a unit call to double time.

An "Urgent" trunk call service is available for all public subscribers and at telephone call offices. Such calls, which take precedence over all ordinary trunk calls already booked and not completed, are charged for at double the ordinary rates.

When the option of extending a call has been asked for by a caller and the call expires within the unit period, the fee for the second period will be refunded.

No person is entitled to use a trunk line continuously for more than six minutes during the day or twelve minutes at night, but exceptions may be made when the trunk is available for a further period.

No charge is made for the use of a trunk line when the person in attendance at the originating telephone is not placed in a position to converse with some person attending at the telephone of the distant subscriber.

When a call is cancelled after the attention of the distant subscriber has been obtained, and effective communication is practicable but not established through inattention on the part of the calling subscriber, the full cost for a unit conversation is charged.

A telephone subscriber is required to deposit with the Postmaster General a minimum sum of £P. 1,500 mils as a trunk call account guarantee deposit, or if the Postmaster General so desires, a sum equal to two-thirds of the amount of the subscriber's average quarterly account for trunk calls. The sum so deposited is returnable to the subscriber, less the amount of any accounts due to the Postmaster General, when the subscriber relinquishes the telephone.

## OVERSEAS TELEPHONE SERVICE

The overseas telephone service is available to all subscribers who are entitled to trunk facilities and, without restriction, at any post office or postal agency call office.

The hours of service vary according to the country and the season but calls for completion during the hours of service may be booked at any time.

The following is a list of countries and ships at sea to which the service is available:

The charges for trunk calls to Iraq are computed on the actual number of minutes spoken, subject always to a minimum charge as for 3 minutes.

A part of a minute after the first 3 minutes is considered as 1 minute.

The schedule shows the charges for calls from the various Palestine zones to the Iraq zones of 3 to 12 minutes duration passed during normal hours (7 a.m. to 8 p.m.) and night hours 8 p.m. to 7 a.m.

The charges for "Urgent" calls are double the rates shown.

An additional charge of 10 mils will be made in respect of each call originated at a public call office.

**TRUNK CALLS TO LEBANESE REPUBLIC, SYRIAN REPUBLIC AND STATE OF DJEBEL DRUZE, AUTONOMOUS SANDJAK OF ALEXANDRETTA AND GOVERNMENT OF LATTACUIE**

The rates shown in respect of Jewish labour are based on eight hours' work. The usual daily hours of Arab agricultural labourers are : on cereal land—ten to twelve hours ; in citrus plantations—eight to ten hours.

\*On cereal land £P. 3 per month with board and lodging.

## AVERAGE AND PREDOMINANT DAILY WAGE RATES (IN MILS) IN CONSTRUCTION AND MANUFACTURING INDUSTRIES RECORDED AT THE END OF SEPTEMBER, 1937.

(Based on employers' returns)

Note.—The figures contained in the following table were extracted from the returns supplied by individual employers in the form of frequency tables with an interval of 50 mils. It is, therefore, not improbable that in some cases the actual minimum rates are slightly higher while the actual maximum rates are slightly lower than shown in the table. The average wage rates (represented by an arithmetic mean) are believed to have been little affected by these deviations. The deviations cannot, however, exceed 49 mils in the minimum or maximum rates and 25 mils in the average rates.

PREVAILING DAILY HOURS OF WORK IN MANUFACTURING INDUSTRIES AND CONSTRUCTION  
AS RECORDED BY EMPLOYERS AT THE END OF SEPTEMBER, 1937.

Note :—The data shown in this table have been extracted from the returns of wage rates.

It was not found possible to define the "Prevailing hours of work" in Arab industries.

In the Jewish industries an eight hours' working day is the rule; longer hours are worked in some cases where mixed labour *i.e.*, both Arab and Jewish, is employed and in a number of small workshops. On the other hand, there are cases where mixed labour is employed, and both Jews and Arabs are working eight hours a day.

In many industrial undertakings, especially in the printing industry, the weekly hours of Jewish workers are less than 48, in most cases being 47 hours per week.

\*Minimum and maximum rates of wages according to scale.

†The predominant daily wage rates ranged between 300 and 649 mils.

‡The predominant daily wage rates ranged between 100 and 149 mils

\*\*The predominant daily wage rates ranged between 300 and 499 mils

The daily hours of work in construction vary from eight to nine. The wage rates of the workers on the railways are based on eight hours' work a day.

The daily wage rates paid in Public Works have been extracted from returns supplied in respect of various districts and represent minimum, maximum and average wage rates taking the country as a whole.

It should be borne in mind that the occupations and skill of the workers employed in Public Works vary according to the nature of the work in progress at the time of the inquiry. Occupations insufficiently represented in the returns have not been included.

In the original returns relating both to Public Works and Railways the daily wage rates were recorded on a frequency table with a class interval of 50 mils. It is, therefore, not improbable that the actual minimum rates are in some cases slightly higher while the actual maximum rates are in many cases slightly lower than shown in the table. The average wage rates are believed to have been little affected by these deviations. The deviations cannot, however, exceed 49 mils in the minimum and maximum rates and 25 mils in the average rates.

### BANKS AND CREDIT CO-OPERATIVE SOCIETIES

Banking facilities are supplied in Palestine by at least three groups of financial institutions, known respectively as foreign banks, local banks and credit co-operative societies. There is no fundamental difference as far as principle and type of business is concerned between foreign and local banks, though the former have a greater volume of business. The credit co-operative societies, however, differ from banks in principle and in business practice. Nevertheless, as all these institutions are engaged in the same basic activities of accepting money on deposit and granting credit, their activities are dealt with in this section.

#### BANKS.

The two largest banks in Palestine are Barclays Bank (Dominion, Colonial & Overseas) and the Anglo-Palestine Bank, Ltd., both of which maintain branches in the more important business centres of the country. These two institutions, together with the Ottoman Bank, the Banco di Roma, the Holland Bank Union and the Polish Guardian Bank, Ltd., are the six foreign banks operating in the country.

In addition to the six foreign banks there were no fewer than sixty local banks at the end of December. The local banks vary considerably in size and importance; quite a number of them are still in the early stages of their development, while others have expanded and opened branches elsewhere in Palestine.

In accordance with the Banking (Amendment and Further Provisions) Ordinance, 1936, banks are now required to submit to the Treasurer "not later than twenty-one days after the last day of each month a statement showing the assets and liabilities of the company at the close of business on the last day of the preceding month".

The statistics published in the following table are based on the figures compiled from these statements as at the 31st December, 1937.

†Including balances held for mortgage banks and credit co-operative societies subject to the Banking Ordinance.

‡Foreign banks only.

In accordance with the Banking Ordinance, 1936, banks are required to make semi-annual statements showing the particulars of the credit granted by them in the form of advances and/or bills discounted as at the 31st March and 30th September of each year. The table below shows the distribution of bank loans by categories as at 30th September, 1937.

On that date the grand total of bank funds loaned to customers by way of advances and/or bills discounted was £P. 10,484,981 of which £P. 2,744,645 was discounted bills and £P. 7,740,336 was advances to customers. The number of customers in each of the twenty-six categories, and the aggregate loans in each category were as given in the following table, which is of importance as showing how much of the banks' money is invested in each of the types of enterprise enumerated in the first column of the table. It may be noted that the largest sums are invested in loans to wholesale merchants and in the citrus industry. The table shows that there were in all 73,360 debtors of the banks, so that the average loan was £P. 143.

†The number of customers, in this table differs slightly from the number of customers mentioned in the preceding table, given as 73,360. The reason is that in the preceding table showing the distribution by categories, individuals who obtained more than one loan but for different purposes have been counted more than once, while in this table every individual customer was counted only once.

#### CREDIT CO-OPERATIVE SOCIETIES.

There are registered with the Registrar of Co-operative Societies under the Co-operative Societies Ordinances of 1920 and 1933 over one hundred Jewish credit co-operative societies, about 120 Arab and One "Other" societies, scattered throughout the country. Among these are seventeen larger Jewish societies which have also registered under the Companies Ordinance, thus becoming subject to the Banking (Amendment and Further Provisions) Ordinance, 1936, and therefore, required by law to submit, similarly to banks, monthly statements of their assets and liabilities.

Beginning with April 1936, the credit co-operative societies, on the request of the Registrar, agreed to submit voluntary monthly statements of their assets and liabilities as at the end of each month. Since April 1937, 95 Jewish, credit co-operative, societies, have made regular monthly returns to the Registrar. Thirty-nine of these societies located in towns are referred to as "urban", while the remaining 56, located in agricultural areas, are referred to as "rural". The statistics of credit co-operative societies presented in the following table are based on the monthly returns of assets and liabilities of the 95 Jewish societies as at 31st December, 1937.

+Audit Unions are not included in this table.

Part of the increase in the "Urban" and the whole decrease in "Rural" membership is due to the transfer of three credit societies situated in Petah Tiqva from "Rural" to "Urban" as a result of the elevation of Petah Tiqva to the rank of a municipality.
